Crescent Guns

Crescent guns are guaranteed and are equal to many guns for which double the money is asked. The Crescent Fire Arms Co. manufactures more double barrel guns than any other concern in the world and have already placed more than one million two hundred thousand double and single guns on the market, which of itself is sufficient guarantee of quality and satisfaction.

Crescent Fire Arms Co., Machine Made Hammer Guns

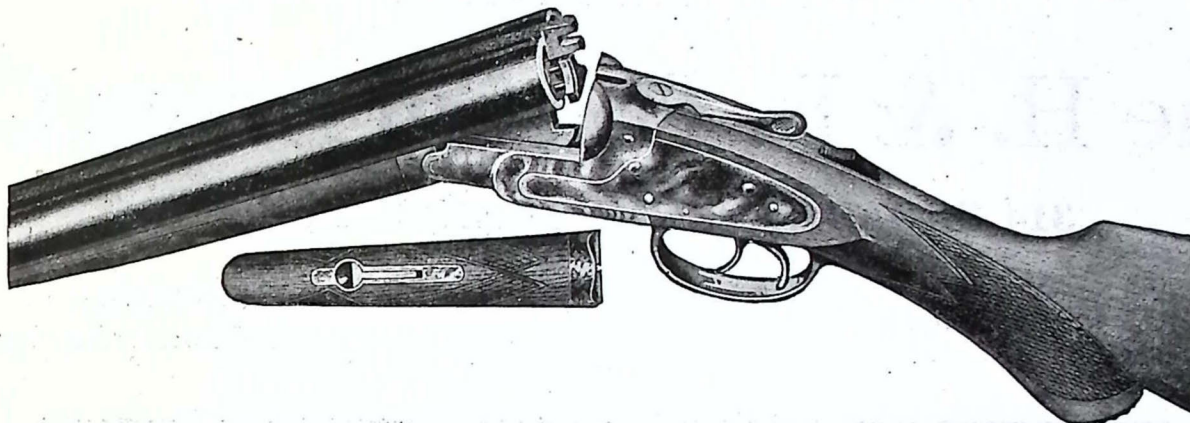

No. 0—Double Barrel Hammer Gun, Armory Steel Barrels, specially bored for smokeless or black powder, matted extension rib, both barrels choke bored. All parts are made of drop forgings (no castings used). Top lever action, bar rebounding locks, D. & E. fore-end. Guaranteed not to shoot loose. Made in 12, 16, or 20 gauge. Regular lengths.....Price, \$20.00

Nickel-plated Frame, etc.....Extra \$1.50

Please note Drop Forged Frame has greater strength than malleable castings used in other low priced guns. Side Lock Plates in place of box frame gives you the opportunity of taking locks apart. D. & E. Fore-end on any other gun would cost you \$2.00 extra.

Crescent Guns

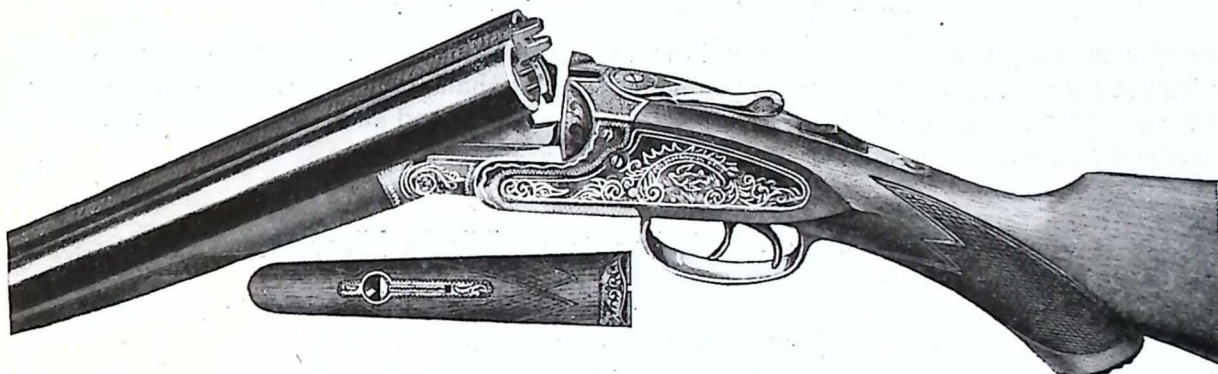

Crescent Fire Arms Co., Machine Made Hammerless Guns

No. 6—"Peerless Hammerless" Armory Steel Barrels, specially bored for smokeless or black powder, matted extension rib, with cross bite on extension rib, both barrels choke bored. All parts are made of drop forgings (no castings used). D. & E. fore-end. Made in 12, 16 or 20 gauge. Regular lengths. Price, \$23.00

Please note Drop Forged Frame has greater strength than malleable castings used in other low priced guns. Side Lock Plates in place of box frame gives you the opportunity of taking locks apart. D. & E. Fore-end on any other gun would cost you \$2.00 extra.

Crescent Fire Arms Co., Machine Made Hammerless Guns

No. 6E—Peerless engraved. Elaborately hand engraved with scroll and bird pattern on both locks, frame, trigger guard, etc., which gives the gun a very handsome and attractive appearance, otherwise same description as No. 6.

Price, \$30.00

Crescent Fire Arms Co., Machine Made Hammerless Guns

The 410 gauge brass shell just placed on the market at the same price as paper shell, will permit of a heavier load and consequently a greater killing distance. This will make this gauge gun more popular than ever. Anyone who has used the 410 gauge gun will tell you it is practical for squirrel, rabbit and other field shooting.

No. 66—"Quail Model" 410 gauge shot gun fitted with tapered convex bell shaped breech, making the most pleasing and attractive model small bore hammerless gun ever made. The 410 gauge shell contains a load that is quite practical for bird and rabbit shooting, making a good all-around light-weight bird gun. Chambered for 410 gauge shells, 44/40 and 44XL shot cartridges. Length of barrels, 26 inches, snap fore-end, matted extension rib, automatic safety slide, weight 5 $\frac{3}{4}$ lbs. Price, \$27.50

Crescent Single Barrel Guns

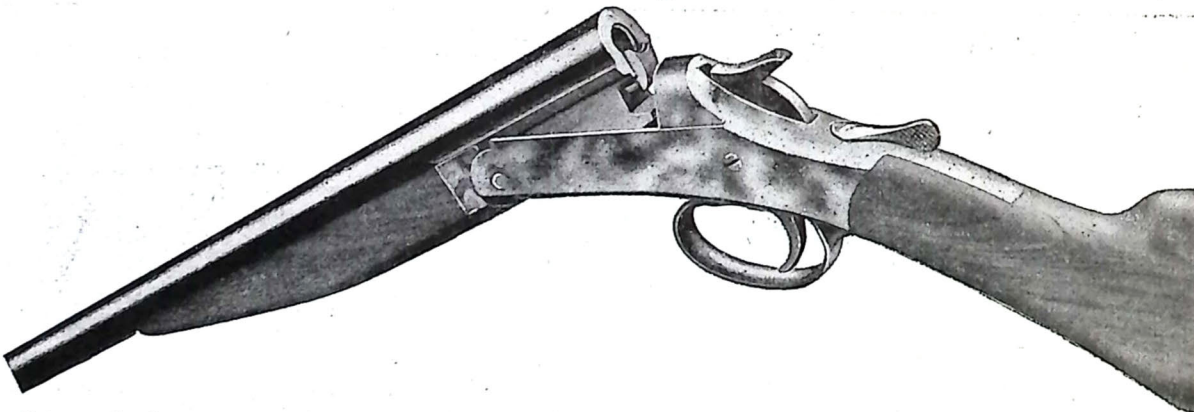

No. 10—"Victor Non-Ejector" for nitro or black powder, case hardened frame, centre rebounding hammer, full pistol grip stock, capped, fancy butt plate. For close long range shooting they have no superior. Made in 12, 16, 20 or 410 gauge. Price, \$10.00

No. 11—"Victor Ejector," Automatic Ejector, which throws shell out on opening gun. Has patent snap fore-end, with fore-end iron, centre rebounding hammer, case-hardened frame, full pistol grip stock, capped, fancy rubber butt plate. Made in 12, 16, 20 or 410 gauge. Price, \$11.00

Small Bore Single Guns

These small bore single guns are of an extremely pleasing appearance. The barrel is tapered with heavy breech. The only single gun fitted with reinforced breech, which not only adds to the appearance, but gives additional strength. 410 and 28 gauge. Bored for nitro or black powder, case-hardened frame, center rebound hammer, pistol grip stock, fancy butt plate, 26-inch tapered barrel, weight about 5 3/4 pounds.

No. 10 Non-Ejector. Price, \$10.00

No. 11 Automatic Ejector. Price, \$11.00

Baker Guns

For 50 years known to the trade as the best for service

The word "Baker" in the gun trade is a guarantee of quality. There are no guns at any price that will do better shooting, and there are no guns on the American market that have stood the test of strain to equal Baker Guns. We have record of Baker Guns already shot over 140,000 times without repair.

Baker "Batavia Leader" Model

BARRELS: Special steel, specially bored for black or nitro powders. This material is hard and tough and extremely serviceable. It is so well known to gun users that further description is unnecessary.

STOCK: Plain selected walnut, full pistol grip only, with grip cap and hand-checkering. Drop at comb, 1 3/4 ins.; drop at heel, 2 3/4 ins.; length, 14 ins.

LOCKS AND ACTION: Regular Baker system, time tested for thirty years, and guaranteed not to shoot loose with any standard loads of black or smokeless powders. Frame is case-hardened.

Weight of 12-gauge gun with 30-inch barrels, 7 3/4 lbs.; other gauges and lengths in proportion.

12 Gauge, 26, 28, 30 and 32-in. barrels.....Price, \$40.00

16 Gauge, 26, 28 and 30-in. barrels.....Price, 40.00

20 Gauge, 26 and 28-in. barrels.....Price, \$40.00

Automatic Shell Ejector, extra.....Price, 15.00

Baker "Black Beauty Special" Model

THE BLACK BEAUTY SPECIAL. Grade is similar to our Batavia Leader. This grade is designed especially for those desiring a moderate-priced gun made up to their individual specifications and with finer finish than the Batavia Leader. Weight of 12 gauge gun with 30-inch barrels is about 7 3/4 pounds. Other weights run naturally in proportion.

BARRELS: Special steel, specially bored for black or nitro powders. All guns carefully tested for targets at forty yards shooting into a 30-inch circle.

STOCK: Selected Walnut, hand fitted, and straight, full or half pistol grip, any reasonable length or drop, without extra charge.

LOCKS AND ACTION: Regular Baker system with taper wedge fastening guaranteed not to shoot loose with any standard loads of smokeless powder. Frame is case-hardened and action is finished in black oxide.

ENGRAVING: Top of frame is neatly matted; balance of frame, guard and lock plates are neatly engraved with line engraving, making this a very handsome model at a medium price.

Weight of 12 gauge gun with 30-inch barrels 7 3/4 lbs.; other gauges and lengths in proportion.

12 Gauge, 26, 28, 30 and 32-in. barrels.....Price, \$62.00

16 Gauge, 26, 28 and 30-in. barrels.....Price, 62.00

20 Gauge, 26 and 28-in. barrels.....Price, \$62.00

Automatic Shell Ejector, extra.....Price, 15.00

Baker "Paragon" Grade

BARRELS: Finest quality, high tensile strength, bored and fitted with extreme care. Fore-end of new style with close fitting tip and with wood and checkering to match stock. Boring tested by shooting into a 30-inch circle at forty yards.

STOCK: Specially selected walnut, very handsome grain and figure, beautifully checkered and polished. Straight, full or half pistol grip, as ordered.

LOCK AND ACTION: Regular Baker system with taper wedge fastening and extra cross bolt, positively guaranteed never to shoot loose with standard loads of smokeless powder. Lock and action finely fitted and polished and special design of lock plates.

ENGRAVING: Elaborately engraved in beautiful artistic scroll and pictorial design, varying somewhat with the taste of the purchaser and the designer.

RIB: Regular Baker slightly hollow. Made 12, 16 or 20 Gauge. Weight, 6 to 8 lbs.

Paragon Grade Ejector.....\$115.00

Paragon Grade Non-ejector.....100.00

Single Trigger, extra.....\$40.00

Soft Rubber Recoil Pad, extra.....5.50

Baker Guns

Baker "Expert" Grade

MADE TO ORDER ONLY

BARRELS: Finest fluid compressed steel bored and fitted with utmost care. Fore-end of new style with close fitting tip and with wood and checkering to match stock.

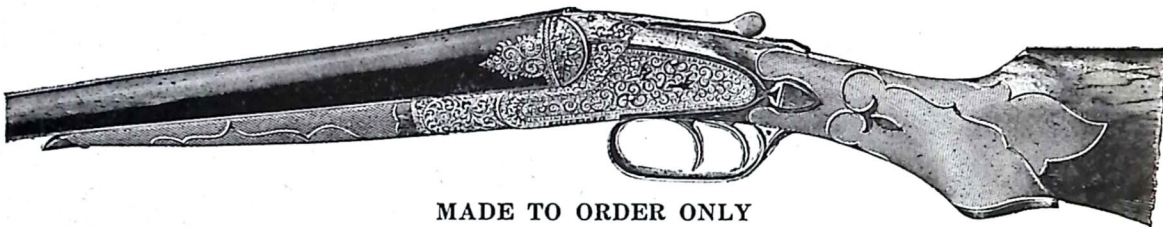

STOCK: Carefully selected walnut extremely handsome grain and figure, beautifully checkered and carved and polished. Straight, half or full pistol grip—any drop or length. Skeleton Butt plate, fitted unless otherwise ordered.

LOCK AND ACTION: Regular Baker system with taper wedge fastening and extra cross bolt, positively guaranteed not to shoot loose with any standard loads of smokeless powder. Lock and action fitted with extreme care, polished and frosted and special design of lock plate.

ENGRAVING: Engraved with appropriate designs of game and scroll work, deeply carved and following somewhat the taste of the purchaser. High quality, simplicity and beautiful workmanship are the characteristics of this model.

Baker "De Luxe" Grade

MADE TO ORDER ONLY

De Luxe Ejector, 12, 16 and 20-Gauge, weights 6 to 8 lbs.....	\$385.00
Single Trigger, extra	40.00
34-inch Barrels on 12-Gauge, extra	16.50

The Baker De Luxe Grade is made of the very finest material, selected with extreme care. All action parts are forged, milled and worked down and fitted by hand to the finest degree of accuracy by workmen of special skill and carefulness.

Barrels—Special Analysis compressed fluid steel, fitted and bored with utmost care. Fore-end of special style and with wood carved and checkered to match the stock.

Stock—Specially selected fancy-figured Walnut, beautifully carved and checkered. Any reasonable drop or length; any style of grip.

Locks and Action—Regular Baker system with taper wedge fastening and extra cross-bolt, positively guaranteed not to shoot loose. Lock work frosted like beautiful watch work and special design of lock plates.

Engraving: The barrels are engraved at the breech in heavy design. The frame, lock-plates, fore-end iron and trigger plate are covered with deep engraving in elaborate, artistic designs. Top lever, safety slide, trigger guard and trigger are fancifully shaped, with appropriate designs in checkering and engraving.

Special Feature—On this grade we will follow customer's individual taste as to finish and engraving.

The Baker Firing Pin Block Safety

FITTED TO PARAGON, EXPERT AND DE LUXE GRADES

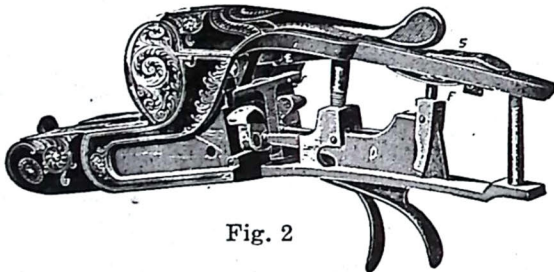

Fig. 2

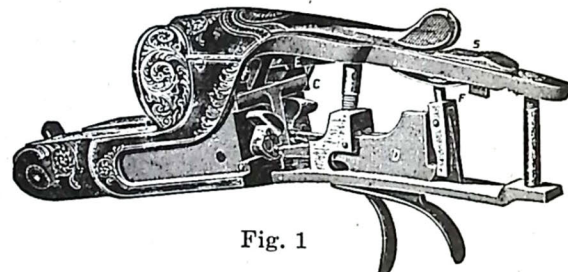

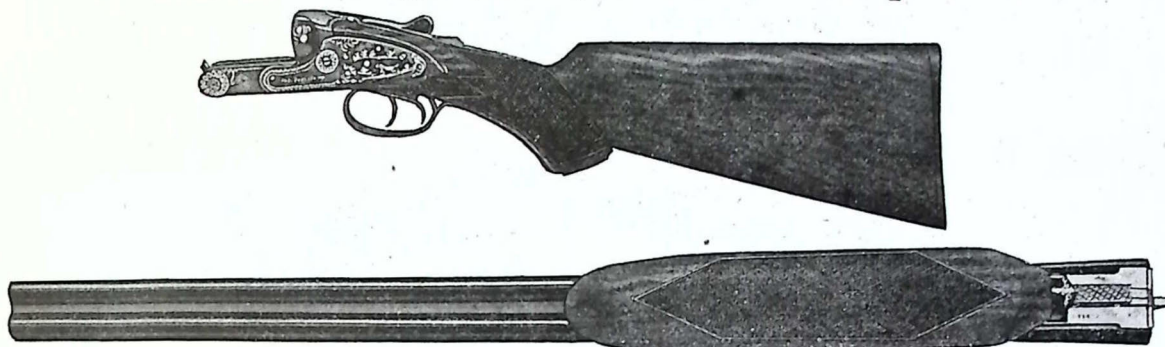

Fig. 1

Safety block "A" in position to block hammer before reaching firing pin, should the hammer fall through any cause except actual pulling the trigger.

The safety block is always in this position, except when the trigger is pulled.

Safety block "A" revolved aside by the trigger arm. When the trigger is released, the block resumes its upright position, ready to catch and stop the hammer before it reaches the firing pin if the hammer should fall from any cause except by again pulling the trigger.

Baker Paragon Double Barrel Trap Gun

"BAKER PERFECT GRIP" FORE-END fitted to the PARAGON GRADE double barrel shot gun

BARRELS: Finest quality, high tensile strength, bored and fitted with extreme care. Fitted with Baker Perfect Grip, as illustrated.

Boring tested by shooting into a 30-inch circle at forty yards.

STOCK: Specially selected walnut, very handsome grain and figure, beautifully checkered and polished. Straight, full or half pistol grip, as ordered.

LOCK AND ACTION: Regular Baker system with taper wedge fastening and extra cross bolt; positively guaranteed never to shoot loose with standard loads of smokeless powder. Lock and action finely fitted and polished, and special design of lock plates.

ENGRAVING: Elaborately engraved in beautiful artistic scroll and pictorial design, varying somewhat with the taste of the purchaser and the designer. Made in 12 gauge, 32-inch barrels.

H. & R. "HEAVY BREECH" GUN

Same action and works the same as the regular Model 1908, but is made with extra heavy breech to withstand the heaviest charges and the continued strain when used as a trap gun. Weight, 7 pounds. Barrel choked. Made in 12 and 16 Gauge with 30 or 32-inch Blued Steel Barrel. Auto-Ejecting (throwing shell out). Non-Ejecting (drawing shell out enough to allow it to be taken out with finger and thumb).

Non-EjectingEach \$14.00 Automatic Ejecting.....Each 15.00

Single Barrel Trap Guns

Ithaca One Barrel Trap Gun

No. 4. Ejector. This one barrel trap gun is made to stand the continuous strain of heavy nitro powder loads. Fitted with triple lug, triangular fastening, triple bolt, automatic ejector and ventilated rib. Genuine Fluid Steel Barrel in 30, 32 and 34 inches. Selected walnut stock of beautiful figure and coloring. Full, half or straight stock as desired. Frame, etc., handsomely engraved. Weight, 7 pounds 10 ounces to 8 1/4 poundsPrice, \$125.00

VICTORY GRADE. A new one—the Ithaca Victory Grade—the gun the boys have been looking for—a thoroughbred single barrel trap gun at a popular price. It is not as elaborately finished as our high grade trap guns, but it is built to “stand the racket” of trap shooting. The Victory Grade is not a “made-to-order” proposition; it absolutely cannot be built to special order because it can only be produced at this price in quantity lots. In ordering one, all that you need specify is “Victory Grade.” Victory guns will have, approximately, the following specifications:

Stock, straight grip, 14 1/2 inches long, 1 1/4-inch drop at heel, 1 1/2-inch drop at cone, recoil pad. Length of barrel, 34 inches; 12 gauge only. Center position trigger; front and rear brass sights; non-ejector. This gun will be fitted with matted, ventilated top rib, “beaver-tail” fore-end. The frame, top lever, trigger plate, fore-end iron and guard, line engraved. Grip of stock and fore-end checkered by handPrice, \$75.00

L. C. Smith One Barrel Trap Gun

The Smith One Barrel has the same large, well supported bearings, the same positive locking device, a frame unexcelled in strength, a simple cocking device, a quick action hammer that is lightning fast as it hits the firing pin dead on the head, and a never failing automatic ejector. The barrel is by the Smith special system for trap shooting. It gives velocity and penetration and a wonderful pattern. It affords the reflected experience of a third of a century. It completes the worth-while in the Smith One Barrel Trap Gun.

SPECIFICATIONS

Stock and fore-end from especially selected walnut. Grip, full pistol, half pistol or straight. Barrels, 12 gauge, 30, 32 and 34 inches, Nitro Steel, bored by the Smith System for perfection in trap shooting. Trigger position, rear, unless otherwise specified. All measurements regarding length of stock will be based on rear position of trigger unless center position is specified. Price, \$138.00

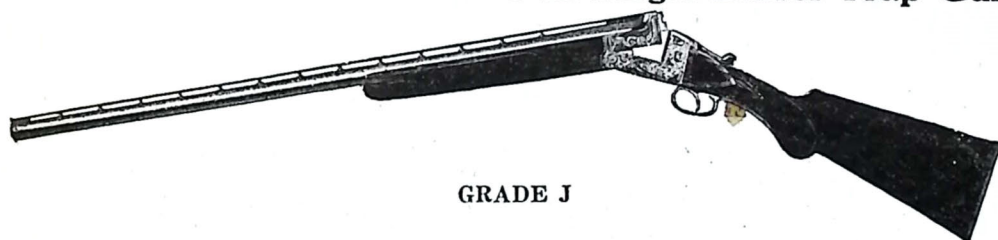

Parker Single Barrel Trap Gun

Parker Single Barrel Trap Gun—S.C.

S.C.—Barrel of high tensile strength steel. Lug and fore-end forged integral with the barrel, 30-inch, 32-inch and 34-inch lengths. Any boring desired; ventilated rib; automatic ejector. In 12 gauge only. Weight 7 1/2 to 8 1/2 pounds. Stock and fore end finely figured walnut. Cheek piece and Monte Carlo extra. Straight half or full pistol grip, steel skeleton butt plate, or rubber recoil pad. Finely checkered and engraved. Ivory Lyman front sight \$173.00

Fox Single Barrel Trap Gun

-------------------	---------	------------------------------	---------

"TRAP GRADE"

In the production of this grade particular attention has been paid to meet the requirements of sportsmen who are desirous of a gun for trap shooting, as well as for field, with all the latest attachments—Hunter One Trigger and Automatic Ejector especially—and at a very low price. Each lock-plate is engraved with a trap shooting scene consisting of a trap house and a squad of five shooters at the score. We can confidently recommend this grade as entirely satisfactory, especially for the purpose the name implies. With our special system of boring, no better guns are made for trap than the L. C. Smith Double Gun with Hunter One Trigger.

Featherweights are made in twelve gauge as light as six and one-quarter pounds.

SPECIFICATIONS. Grip: Full pistol regular, half or straight to order. Barrels: 26, 28, 30 and 32-inch Crown steel regular, or Damascus to order, bored any way you choose. Gauge: 10, 12, 16 and 20. Also made with Automatic Ejector. Price, 60.50

Winchester Repeating Shot Guns

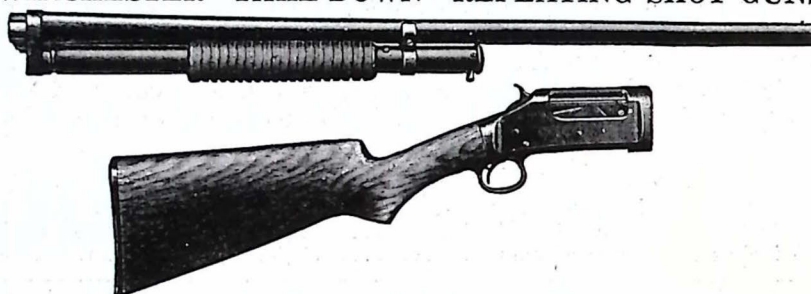

Solid Frame, made in 12 Gauge only.

Buckshot Cartridge.

The Winchester Model 1897 "Riot" gun is made with a 20 inch rolled steel cylinder bore barrel, bored expressly to shoot buckshot. These guns are used by sentries in the U. S. Army, express messengers, watchmen, prison guards, train hands, and by many people for home defense. They are far superior to a revolver for shooting in the dark, where aim is uncertain, as a buckshot cartridge contains nine bullets to one contained by a revolver cartridge. The "Riot" gun has the same action as the regular model 97. The magazine holds five cartridges, which, with one in the chamber, makes a total of six at the command of the shooter. Price, \$42.75

WINCHESTER "TAKE-DOWN" REPEATING SHOT GUNS

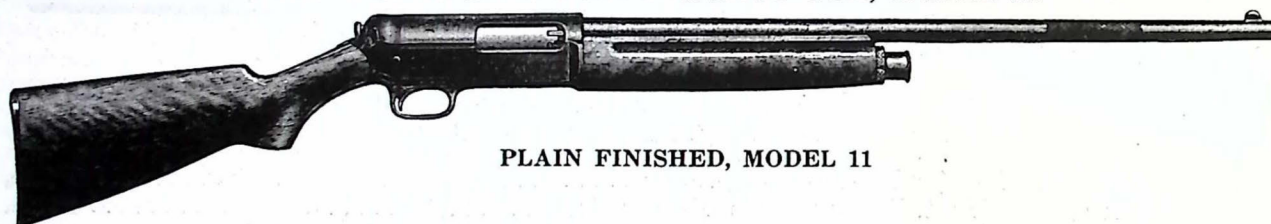

MODEL 97, "TAKE-DOWN." Take-down, rolled steel barrel, 12 gauge; 28, 30 or 32 inches; pistol grip stock and fore-end of plain wood, not checked, full choke-bore. Weight about 7½ poundsPrice, \$46.00

Winchester Repeating Shot Guns

WINCHESTER MODEL, 12 HAMMERLESS SHOT GUN

SIX SHOTS, NICKEL STEEL, LIGHT WEIGHT
PLAIN FINISHED MODEL 12
12, 16 or 20 Gauges

Price \$54.25

12 GAUGE
26, 28, 30 or 32-inch Barrels.

16 GAUGE
26 or 28-inch Barrel only.

20 GAUGE
25, 26 or 28-inch Barrel only.

As the illustration indicates, this latest model Winchester presents the acme of grace and symmetry from butt plate to muzzle. In graceful curve and refinement of finish no other repeater approaches it. No screws nor pins project to catch the dirt or injure the hands.

The stock is finely proportioned, the receiver is matted along the line of sight, while the slide-handle is slightly tapered and fits the hand comfortably.

The gun separates into two parts quickly and easily. No tools are required and no small parts are released to be lost. The safety is of the cross bolt type, located in the guard, and cannot be jarred out of place by the recoil. Interchangeable barrels of different choke or cylinder bore can be furnished, but in all cases must be fitted at the Winchester armory.

12 GAUGE
Length 13 $\frac{3}{4}$ inches
Drop at heel 2 $\frac{1}{2}$ inches
Drop at comb 1 $\frac{11}{16}$ inches

WINCHESTER MODEL 12 TRAP GRADE

1912. 12, 16, or 20 gauge "Trap" Grade (write for description) Price, \$101.00
1912. 12 gauge only, "Tournament" Grade (write for description) Price, 82.25

WINCHESTER TRAP GRADE WITH VENTILATED RIB

Trap Grade with Ventilated Rib, Special Slide Handle and Soft
Rubber Recoil Pad. 12 Gauge, 6 Shots

Model 12. Trap Grade, Vent. Rib (write for description) Price, \$181.25
Model 12. Tournament Grade, Vent. Rib (write for description) Price, 165.00

This rib is finely made throughout and is not brazed or soldered on the barrel, but is mechanically locked to it. The Winchester Ventilated Rib bridges the area of heat waves and is raised above the barrel to a scientifically correct elevation.

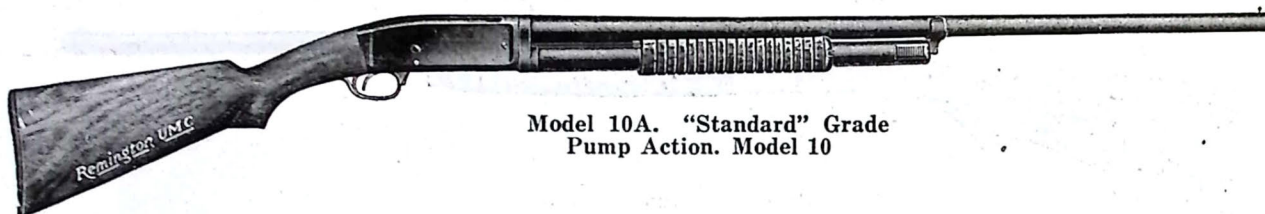

It is designed especially to give speed and accuracy in sighting and shooters will find its matted surface very helpful in fast shooting. Because of the construction of this rib, the expansion and contraction of the barrel, due to heat caused by frequent firing, cannot cause the rib to take a permanent set.

The Trap stock being handmade, any length or drop can be furnished without increase in price. Interchangeable Nickel Steel Barrels, full or modified choke, or cylinder bore, can be furnished in 12, 16, or 20 gauge. A gun with an action of one gauge cannot be fitted with an interchangeable barrel of a different gauge. In all cases, extra barrels will have to be fitted at the Winchester armory.

Winchester Rifles

WINCHESTER MODEL 02 SINGLE SHOT RIFLE

Round barrel, 18 inches long, plain trigger; weight about 2¾ pounds. The Winchester Model 1902 Single Shot Rifle is a serviceable low-price gun, designed to handle 22 short or 22 long-rim cartridges. Bullet breech caps may also be used in it if desired. It is a "Take-Down," and can be taken apart easily and quickly; the operation consisting simply of unscrewing the thumb-screw located underneath the forearm, which releases the barrel and action from the stock.....

Price, \$7.50

WINCHESTER MODEL 04 SINGLE SHOT

This new Winchester 22 Caliber Take-Down Single Shot Rifle has a 21-inch heavy round barrel, adjustable rear sight, bead front sight, which will not tarnish, a handsome, highly finished Schuetzen shaped butt stock 13¼ inches long, with a blued steel rifle butt plate. A well-shaped blued steel trigger guard affords a good grip and adds to the attractive appearance of the gun. The length of the gun over all is 37½ inches, and its weight is about 4 pounds. The gun is made with the popular Winchester bolt action, with rebounding lock, and will handle 22 short and long rim-fire cartridges.....

Price, \$9.00

WINCHESTER REPEATING RIFLE, MODEL 06

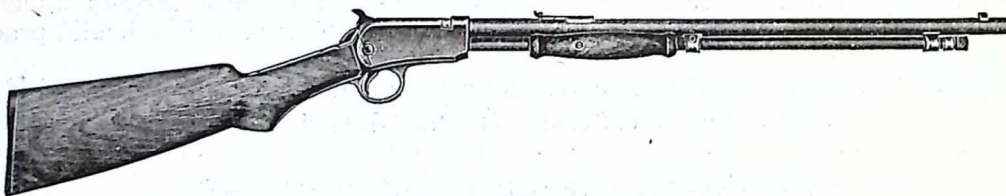

Extra Light Weight For 22 Short, 22 Long, and 22 Long Rifle Rim-Fire Cartridges

MODEL 06. The Winchester Model 06 is a compact, lightweight, take-down rifle, handling 22 short, 22 long and 22 long rifle rim-fire cartridges. It is attractive in appearance and outline, and in accuracy, reliability of operation and finish it is fully up to the established Winchester standard. The repeating and take-down systems used in this rifle are simple, positive, and thoroughly tried, having always given entire satisfaction. This rifle is made with a 20-inch round barrel, fitted with a sporting front sight and an adjustable open rear sight. It measures 35¼ inches over all, and weighs about 5 lbs.; has a handsome straight grip stock 12¾ inches long, with a drop at comb of 1½ inches and at heel of 2¾ inches, finished with a rubber butt plate. The magazine holds 15 .22 short and 12 .22 long or .22 long rifle cartridges. Model 1906 rifles can be furnished only according to the above specifications.....

Price, \$21.50

MODEL 06 "EXPERT"

Model 06 "Expert," 20-inch Round Barrel, Plain Trigger, Pistol Grip Stock and Special Forearm.....Price \$24.75

MODEL 90. Fancy finish, pistol grip, checkered.....Price, 53.75

Winchester Rifles

WINCHESTER AUTOMATIC RIFLES

Self-Loading, Model 03. 22 Caliber

The Winchester Model 03 is a Ten-Shot Automatic, Hammerless, "Take-Down" Rifle, adapted to a new 22 Caliber Rim Fire Cartridge loaded with Smokeless Powder and the Winchester Greaseless Bullet. It is simple in construction and operation, and is the first Automatic Rifle on the market. The Rifle has grace of outline, light weight, certainty of operation, ease of manipulation, and novelty of action, making a most desirable and up-to-date gun. Its loading without movement of the firer enables continued accurate aim and rapid discharge heretofore unknown, and only to be appreciated after trial.

The Winchester Model 03 Automatic Rifle is made with Blued Trimmings, a Plain Walnut Stock and Forearm, not checkered, and a 20-inch Round Barrel, fitted with open Front and Rear Sights. Weight about $5\frac{3}{4}$ pounds. The Stock is $13\frac{1}{4}$ inches long. Drop at Comb, $1\frac{3}{4}$ inches; Drop at Heel, $3\frac{1}{4}$ inches; Length of Gun over all, 36 inches. Fancy Walnut Stocks, and Forearms, and Plain or Fancy Walnut Pistol Grip Stocks, checkered or uncheckered, are the only variations from the standard gun that will be furnished.

Model 03 Winchester, 22 Caliber Automatic Rifle, 20-inch Round Barrel, Plain Walnut Stock and Forearm, not checkered. Price, \$41.00

WINCHESTER BOLT-ACTION RIFLE MODEL 52

Caliber .22 Long Rifle Cartridge
"Precision-75," "Precision-200"

Here is a .22 Caliber bolt-action magazine rifle built along strictly military lines that has the "hang" and "feel" of the service rifle, the same weight and length of pull and phenomenal accuracy. It combines the accurate functioning of the modern bolt-action with a number of new and distinctive features which make this creation the last word in small bore guncraft.

The proportions of this new rifle are similar to those of the regulation U. S. Springfield. Its action is essentially the same. This enables riflemen to practice at reduced ranges on reduced targets under conditions which exactly simulate the regular courses with the official army weapon. This affords splendid practice and fine sport for civilian shooters as well. Price, \$57.50

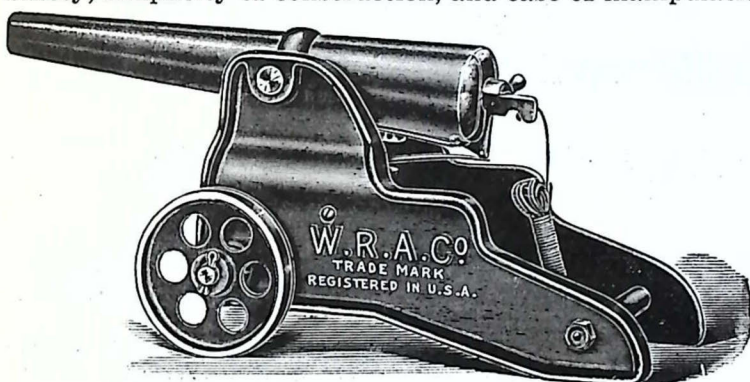

The standard magazine holds five cartridges. A ten cartridge magazine can be furnished if desired.

5 Shot Magazine, \$1.00 10 Shot Magazine, \$1.25

WINCHESTER BREECH LOADING CANNON

For Saluting and Celebrating

This canon has been designed to supply a general demand for a low-priced breech-loading cannon possessing safety, simplicity of construction, and ease of manipulation. All these desirable features are combined in this gun.

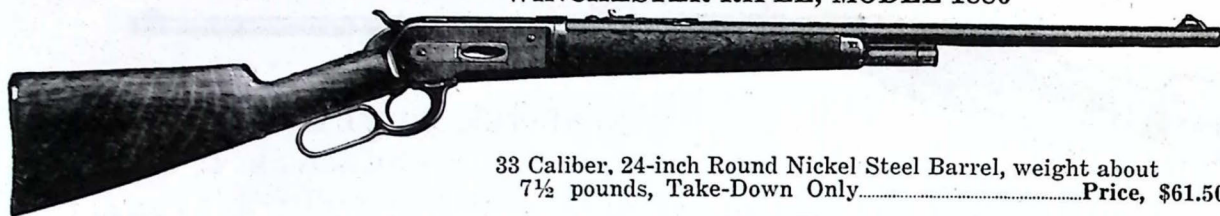

In it can be used either paper or brass shells, and we recommend our 10 gauge Winchester shells loaded with 8 drams of black powder, with two Black Edge and one Card wad, to produce the loudest report. This cannon has so few parts that it cannot readily get out of order or cause any trouble in its operation. It can be easily dismantled, if necessary.

12 inch, 10 gauge, rolled steel, cylinder bore, blued barrel, cast iron frame. Weight about 14 pounds.....Price, \$12.25

Blank cartridges, 10 gauge, 8 drams of powder, per 1,000Price, 41.50

Winchester Rifles

WINCHESTER RIFLE, MODEL 1886

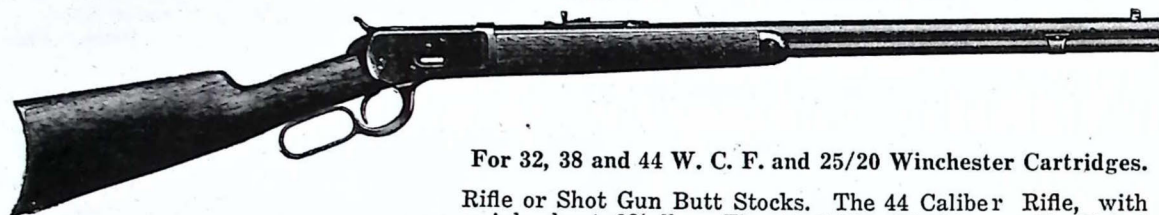

33 Caliber, 24-inch Round Nickel Steel Barrel, weight about 7½ pounds, Take-Down Only.....Price, \$61.50

The Model 1886 is one of the strongest repeating rifle systems ever invented. It is made for 33 Winchester smokeless, only.

Guns will have the Sporting Rear Sight. Half magazine rifles will carry four cartridges in the magazine, and one in the barrel.

WINCHESTER MODEL 1892

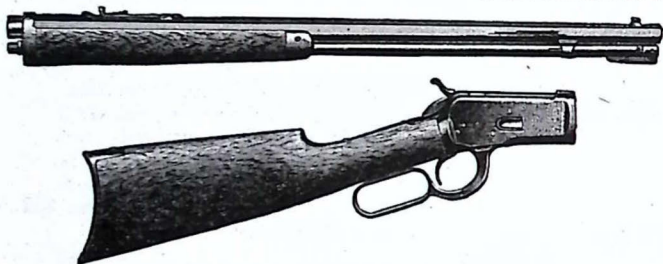

For 32, 38 and 44 W. C. F. and 25/20 Winchester Cartridges.

The standard length of Barrel for this model will be 24 inches. Rifles will be made with either Round or Octagon Barrels, Full or Half Magazines, Plain or Set Triggers, Straight or Pistol Grip Stocks, and with either

Rifle or Shot Gun Butt Stocks. The 44 Caliber Rifle, with 24-inch Octagon Barrel, will weigh about 6¼ lbs. The 44 Caliber Carbine, with 20-inch Barrel, weighs less than 5½ pounds. The 38, 32 and 25 Calibers will weigh a little more than the 44 of corresponding style.

WINCHESTER SUPPLEMENTAL CHAMBER

This handy and simple device permits the use of popular pistol cartridges in high power rifles chambered for 30 Winchester, 30 Army, 303 Savage, 303 British, 32-40, 32 Winchester Special and 405 Winchester Cartridges without change or readjustment of the rifle, except the sights. The Winchester Supplemental Chamber is inserted in the rifle, the same as a cartridge, and as it is extracted from the gun in the same manner as an empty shell, it does not interfere with the instant use of regular ammunition. For short range shooting or indoor target practice it gives excellent results, which makes it a valuable addition to every sportsman's equipment. It is also an aid to attaining proficiency in the use of a regular hunting rifle at a minimum expenditure of ammunition. USE SMOKELESS CARTRIDGES ONLY.

The Winchester Supplemental Chamber is made in the following sizes:
 30 Gov't Model 1906. For use with 32 S. & W. Cartridges.
 30 Caliber Winchester. For use with 32 S. & W. Cartridges.
 30 Caliber Army. For use with 32 S. & W. Cartridges.
 303 Caliber Savage. For use with 32 S. & W. Cartridges.
 303 Caliber British. For use with 32 S. & W. Cartridges.
 32 Caliber W. S. For use with 32 Short Colt Cartridges.
 32-40 Caliber. For use with 32 Short Colt Cartridges.
 405 Winchester. For use with 41 Colt Short Cartridges.

Price, 50c Each

Hamilton Rifles

No. 27

The barrel is bronze and rifled with great care, and has a built-up steel jacket, making it unsurpassed in strength, durability and accuracy, with no liability of rust from pitting, and very easily cleaned. The outer jacket of barrel and all working parts are steel, having a beautiful blue-black gun finish, the stock and fore-arm being so designed as to give symmetry and style not usual in moderate price rifles.

The length over all is 30 inches; the length of barrel 16 inches, fitted with front knife and open rear adjustable sights. Weight 2½ pounds.

No. 27. Chambered for 22 Caliber Short or Long Rim Fire Cartridges.....Price, \$3.00

No. 027

The Model No. 027 is in every way identical in its component parts to Model 27, with the exception of the equipment of stock and forearm, Model No. 027 being fitted with a handsomely finished and turned stock and forearm of genuine walnut.

The length over all is 30 inches; the length of barrel 16 inches, fitted with front knife and open rear adjustable sights. Weight 2¾ pounds.

No. 027. Chambered for 22 Caliber Short or Long Rim Fire Cartridges.....Price, \$3.50

No. 39

The No. 39 Hamilton Repeating Rifle is a 22 caliber hammerless take-down model with pump action, operated in the usual manner. The magazine holds fifteen short rim fire cartridges.

Rifle is easily taken down by removing knurled take-down screw just above trigger. Have rifle cocked and pump action in forward position when taking down or putting together.

Barrel is bronze lined, accurately rifled with solid steel breech. Front sight knife pattern, rear sight open and adjustable, stock and forearm genuine black walnut, turned. Length over all, 35 inches. Length of barrel assembly when taken down, 21¼ inches. Weight about four pounds. Each rifle is packed in cardboard box.

No. 39. Chambered for .22 Short and .22 Long rim fire cartridgesPrice, \$12.00

QUACKENBUSH AIR RIFLE NO. 7

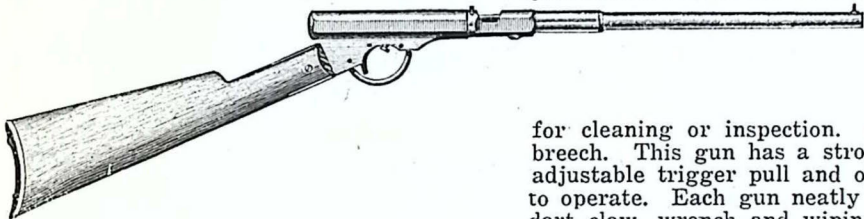

Shoots .175-inch diameter Darts, Slugs and Air Rifle Shot. .175-inch diameter. Full length 38 inches. Weight 2½ pounds.

These guns are finished in gun metal black and constructed so as to permit taking apart readily. Can be knocked down instantly for packing in a suit case by merely unscrewing one thumb nut. Gun is cocked and loaded similar to the No. 1. All parts are of steel, except inner brass barrel and walnut finish stock. Gun is fitted with plain sights, rear being adjustable sidewise; pull of trigger is

also adjustable. Each gun is neatly boxed with six steel darts, three fancy paper targets and wiping rod.

Price, complete\$6.85

QUACKENBUSH AIR RIFLE NO. 1

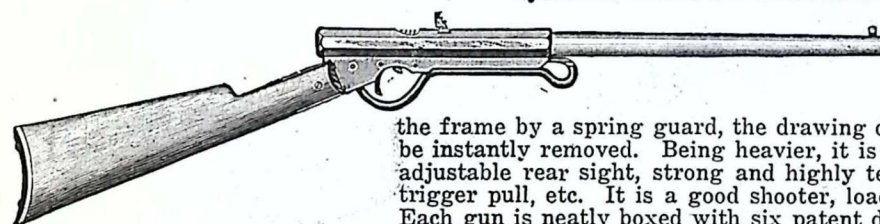

Shoots .210-inch diameter Darts or Slugs. Full length 36 inches. Weight 3¼ pounds.

These guns are finely constructed of the best material, and are nickel plated and highly finished. They are simple in operation and can be quickly taken apart for cleaning or inspection. Gun cocks by simply pushing in the barrel. Loads at breech. This gun has a strong highly tempered spring and accurately fitted piston, adjustable trigger pull and open sights. It loads easily and quickly and is pleasant to operate. Each gun neatly boxed with six darts, six paper targets, 100 felted slugs, dart claw, wrench and wiping rod.

Price, complete\$11.00

QUACKENBUSH AIR RIFLE NO. 9

Shoots .175-inch diameter Darts or Slugs. Full length 36 inches. Weight 3¼ pounds.

This gun is beautifully nickel plated and of the best construction throughout same as the No. 1. It is similar to the No. 1 except barrel is heavier and is held in the frame by a spring guard, the drawing down of which permits barrel, piston and main spring to be instantly removed. Being heavier, it is preferred by some to the No. 1. The No. 9 gun has adjustable rear sight, strong and highly tempered main spring, accurately fitted piston, adjustable trigger pull, etc. It is a good shooter, loads easily and quickly, and will stand a lot of hard knocks. Each gun is neatly boxed with six patent darts, six paper targets, 100 felted slugs, dart claw and wiping rod.

Price, complete\$12.50

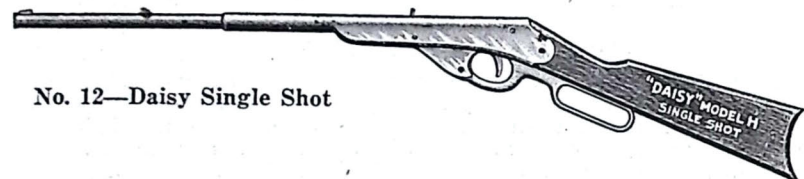

Daisy Air Rifles

No. 20—Little Daisy

"LITTLE DAISY"

No. 20. Single Shot. Made entirely from steel, blue finish and fitted with black walnut stock. Designed to meet the demand for an Air Rifle smaller and lighter than the No. 12 Daisy. Length, 29 inches. Weight, 1 lb., 2 oz. One dozen in a case. Weight, 18 poundsPrice, \$0.90

No. 12—Daisy Single Shot

DAISY SINGLE SHOT

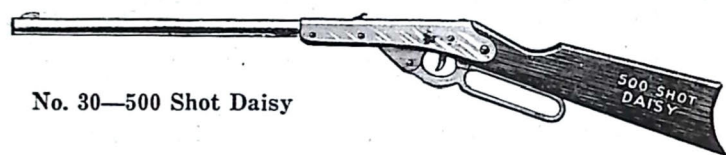

No. 12. Lever Action Single Shot, in finish and appearance same as No. 11. Shooting barrel removable and shoots either Air Rifle shot or 17-100 darts. Length, 31½ inches. Weight, 1 lb., 12 oz. One dozen in a case. Weight, 29 lbs.Price, \$1.50

No. 11—Daisy Repeater

DAISY REPEATER

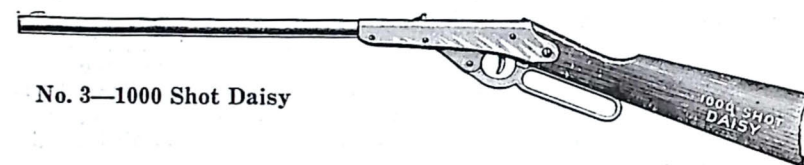

No. 11. Automatic Repeater with lever action. Magazine holds 500 shots. A very sturdy, gun-like Air Rifle that will appeal to boys and stay sold. Single piece steel barrel, beautifully nickel-plated; stock of genuine black walnut. Length, 31½ inches. Weight, 1 lb., 12 oz. One dozen in a case. Weight, 29 lbs.Price, \$2.00

No. 30—500 Shot Daisy

500 SHOT DAISY

No. 30. Automatic Repeater with lever action. Same construction and finish as the 1000 Shot Daisy, but the barrel is three inches shorter and the magazine holds 500 Air Rifle shots. Designed for boys wanting a high-grade repeater shorter than the No. 3. Length, 33 inches. Weight, 2 lbs. 7 oz. Half dozen in a case. Weight, 20 lbs.Price, \$2.50

No. 3—1000 Shot Daisy

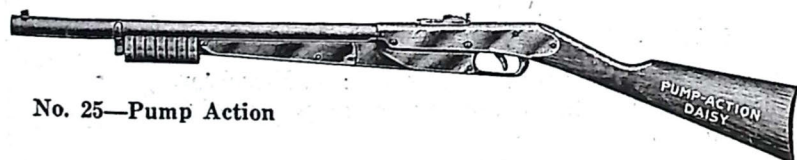

1000 SHOT DAISY

No. 3. Magazine Repeater, lever action. Magazine holds 1000 Air Rifle shots, and loads by operating the lever. Turned stock of genuine black walnut, highly polished. Metal parts beautifully blue finish. Shoots with great force and accuracy. This rifle will please your most exacting customer. Length, 36 inches. Weight, 2 lbs., 9 oz. Half dozen in a case. Weight, 21 lbs.Price, \$3.00

DAISY SPECIAL

No. B-3. 1000 Shot Lever Action Repeater. All metal parts are beautifully polished and blued. Stock of carefully selected walnut, hand polished. An extra strong and accurate shooter. Each gun in a hinged cover box, handsomely lithographed in colors ready for display in show case or window. Every dealer should carry this gun in stock. For target practice. Great sport for young and old to use this gun and the Daisy Target. Half dozen in a case. Weight, 28 lbs.Price, \$3.50

No. 25—Pump Action

PUMP ACTION REPEATER

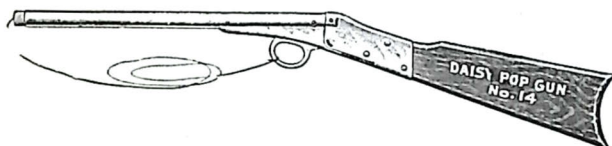

No. 25. Operates by pulling the slide toward the stock. Fires rapidly from the shoulder, the magazine having a forced feed. 30 shots per minute, at the will of the operator. A strong and accurate shooter for men and boys. Metal parts in gun blue. Stock, genuine black walnut, hand polished. Adjustable sights front and rear. Magazine holds 50 Air Rifle shots. Take-down model, each in a box. Length, 38 inches. Weight, 3¼ lbs. Half dozen in a case. Weight, 29 lbs.Price, \$5.00

Daisy Air Rifles

THE NEW MILITARY DAISY

- No. 40. This rifle is a 50-shot repeater, lever action. All metal parts are finished in gun blue. Beautiful walnut finished stock. The rear sights are open and adjustable, the front sight is of the knife type. Length, 45 inches, including bayonet. Weight, 3¾ lbs., each in a substantial box. Packed 6 in a case. Weight, 38 lbs. Price, \$5.00

BIG DAISY POP GUN

- No. 14. Shoots both cork and rubber ball with loud noise, but with absolutely no danger. Just the gun for parents who are afraid to give their child an Air Rifle, and yet are willing to go the limit in price for a good noise maker with action. This gun shoots a 9/16-inch rubber ball a distance of 25 feet. Made strong, and will stand rough handling. Entire length, 21 inches, steel, nickel-plated. Stock of genuine black walnut. Each gun in carton, supplied with cork on string, also rubber ball. Packed three and six dozen in a case. Price, \$0.80

LITTLE DAISY POP GUN

- No. 10. Built like an Air Rifle, made entirely from steel, handsomely nickel-plated, and fitted with walnut stock. Shoots a cork and makes a loud noise with absolutely no danger. Just the thing for children too small to use an Air Rifle. Each gun in a paste-board carton. Length, 17 inches. Weight, 7 oz. One-half gross in a case. Weight, 45 lbs. Price, \$0.40

DAISY LIQUID PISTOL

- No. 8. An old and popular toy brought up to date in design and operating on a new principle. Designed after the latest automatic pistol, and would readily be taken for one. Made from steel, blued finish. Simple to load and discharge; no rubber bulb to get out of order. Great sport for boys and girls, as it throws a fine stream of water a distance of 25 feet. Length, 5½ inches. Weight, 5½ ounces, each in carton. Packed in ½ and 1-gross cases, weighing 30 and 60 lbs. respectively. Price, \$0.25
- No. 9. Daisy Repeating Liquid Pistol. Similar in design to No. 8, but for 5 shots in one loading. Price, .50

We can supply all popular makes of imported Rifles, Automatic Pistols and Revolvers at popular prices. Prices keep changing to such an extent that it does not seem practical to advertise same. If interested write for quotations.

Colt's Fire Arms

COLT AUTOMATIC PISTOL POCKET MODEL, HAMMERLESS, \$19.50

For the following Cartridges:
Caliber .32 Rimless, Smokeless.
Caliber .380 Rimless, Smokeless.

The Action of this pistol is automatic except that the trigger must be pulled to fire each shot; continued discharge will not result from one pull of the trigger.

SAFETY.—Besides the safety in the action which does not permit hammer to be released unless action is fully closed, this arm has two additional operating safeties:

(1) The Slide Lock indicates when the arm is cocked and, when engaged in the slide cut, disconnects the trigger from operating mechanism, but can be readily drawn down by the thumb when one desires to shoot;

(2) An Automatic Grip Safety, also acting as indicator, locks the action until the handle is firmly grasped when pulling the trigger. (See page 7.)

It will thus be seen that there are two indicators showing when the hammer is cocked; and there are two Safeties, either of which is absolutely positive, one of which is automatic.

CAPACITY OF MAGAZINE

LENGTH OF BARREL. 3 3/4 inches.

FINISH. Full Blued, or Full Nickel Plated. Rubber Stocks.

LENGTH OVER ALL. 6 1/4 inches.

WEIGHT. 23 ounces.

{ Cal. .32, 8 shots.
Cal. .380, 7 shots.

COLT AUTOMATIC PISTOL GOVERNMENT MODEL, CALIBER .45, \$34.00 (Adopted by the U. S. Government.)

For the .45 Rimless,
Smokeless Cartridge.

In this model the slide remains open after firing the last cartridge. When reloading the arm in this position, insert the magazine, then press downward the slide stop (to the rear of the trigger as illustrated). The slide goes forward, inserting a cartridge without any movement of the slide by hand. The slide stop is operated by the thumb of the hand holding the pistol.

This model is equipped with the Colt Automatic Grip Safety and Safety Lock.

CAPACITY OF MAGAZINE. 7 shots.

LENGTH OF BARREL. 5 inches.

LENGTH OVER ALL. 8 1/2 inches.

FINISH. Full Blued. Checked Walnut Stocks.

WEIGHT. 39 ounces.

COLT AUTOMATIC PISTOL MILITARY MODEL, CALIBER .38, \$38.75

For the .38 Rimless, Smokeless Cartridge.

In this model the slide remains open after firing the last cartridge. When reloading the arm in this position, insert the magazine, then press downward the slide stop (to the rear of the trigger as illustrated). The slide goes forward, inserting a cartridge without any movement of the slide by hand. The slide stop is operated by the thumb of the hand holding the pistol.

WEIGHT. 38 ounces.

CAPACITY OF MAGAZINE. 8 shots.**FINISH.** Full Blued. Rubber Stocks.

LENGTH OF BARREL. 6 inches. **LENGTH OVER ALL.** 9 inches.

Extra for Pearl StocksPer Pair, \$10.00

COLT AUTOMATIC PISTOL

POCKET MODEL, CALIBER .25, HAMMERLESS. \$16.50

For the
.25 Rimless,
Smokeless
Cartridge.

Pistols of this model above No. 141,000 are now fitted with a **Safety Disconnector** which, when the magazine is withdrawn, positively breaks all connection between trigger and sear so that if a cartridge is left in the barrel the arm can not be fired even if the trigger is pulled.

This model COLT has been produced to meet the demand for an arm that would combine extra light weight and very small size with the essential features of a practical and efficient pistol.

The action is similar to that of the caliber .32.

Being flat and compact (only thirteen ounces in weight and four and one-half inches long), this arm can be conveniently carried in a vest pocket (or other easily accessible place), ready for instant use, with perfect safety, and has no equal in its size for **Power, Accuracy and Effectiveness.**

It is equipped with the Colt Automatic Grip Safety. (See page 7.)

CAPACITY OF MAGAZINE. 6 shots.

LENGTH OF BARREL. 2 inches.

LENGTH OVER ALL. 4 1/2 inches

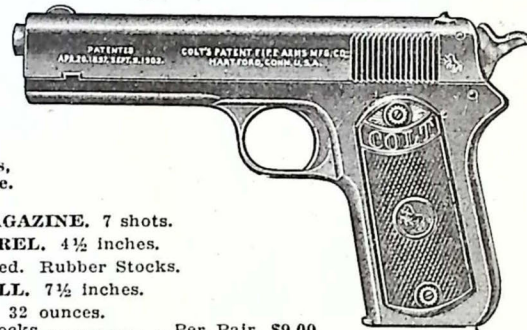

WEIGHT. 13 ounces.

Extra for Pearl StocksPer Pair, \$4.00

FINISH. Full Blued, with case-hardened trigger, slide lock safety and grip safety, or Full Nickel Plated. Rubber Stocks.

COLT AUTOMATIC PISTOL

POCKET MODEL, CALIBER .38, \$36.75.

For the .38 Rimless,
Smokeless Cartridge.

CAPACITY OF MAGAZINE. 7 shots.

LENGTH OF BARREL. 4 1/2 inches.

FINISH. Full Blued. Rubber Stocks.

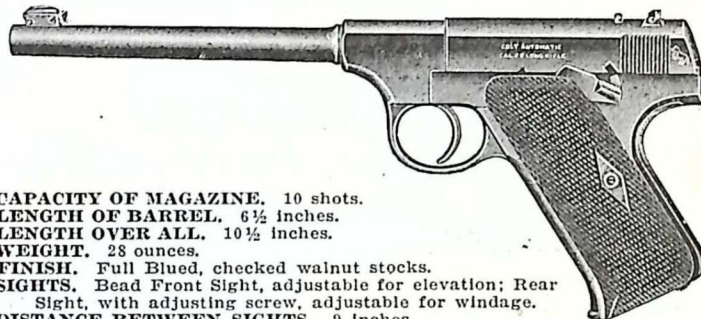

LENGTH OVER ALL. 7 1/2 inches.

WEIGHT. 32 ounces.

Extra for Pearl StocksPer Pair, \$9.00

COLT AUTOMATIC PISTOL

CALIBER .22, TARGET MODEL, \$27.00.

CAPACITY OF MAGAZINE. 10 shots.

LENGTH OF BARREL. 6 1/2 inches.

LENGTH OVER ALL. 10 1/2 inches.

WEIGHT. 28 ounces.

FINISH. Full Blued, checked walnut stocks.

SIGHTS. Bead Front Sight, adjustable for elevation; Rear

Sight, with adjusting screw, adjustable for windage.

DISTANCE BETWEEN SIGHTS. 9 inches.

CARTRIDGE. .22 Long Rifle, rim fire (lubricated cartridges) only.

Note: We recommend the use of either "Lesmok" or "semi-smokeless" ammunition.

This model has proven most practical and popular with shooters, sportsmen, trappers, and others desiring a high-grade automatic pistol adapted for the economical and easily obtained Caliber .22 Long Rifle Cartridge.

Its accuracy as a target arm is unquestioned, winning, as it did, high honors in the Pistol Matches at the National Shoot of 1920.

The pistol is equipped with a **Safety Lock** which, when the arm is cocked, may be pushed upward, thus positively locking hammer and slide. This Safety Lock is located within easy reach of the thumb of the hand holding the pistol and may be instantly pressed down when raising the pistol to the firing position. It also acts as an indicator showing whether or not the pistol is cocked.

Extra for Pearl StocksPer Pair, \$25.00

Accidental Discharge is Absolutely Impossible with the Colt Automatic Pistol.

Colt's Fire Arms

POLICE POSITIVE SPECIAL DOUBLE ACTION REVOLVER, \$25.00

JOINTLESS SOLID FRAME SIMULTANEOUS EJECTION

.45 Colt.

SIX SHOTS.

LENGTH OF BARRELS. 4¼, 5½ and

7½ inches.

These Revolvers should be carried with the hammer resting in the Safety Notch.

For over half a century this arm has seen more actual service, and more of them have been produced, than any Revolver ever manufactured.

The "Single Action Army" is the choice of fire-arms users who require a combination of reliability, durability and simplicity in mechanism.

Extra for Pearl Stocks Per Pair, \$16.00

Price\$14.75

FIALA COMBINATION PISTOL AND RIFLE CALIBER .22, MODEL 1920

Protected by U. S. and Foreign Patents
Extra pistol barrel; length, 3 inches

Pistol: Length over all, 11¼ inches. Length of barrel, 7½ inches. Weight, 30 ounces.

The Fiala Combination Repeating Pistol and Rifle, Caliber .22, Model 1920, is an accurate quick-firing 10-shot repeating rifle, with the desirable feature that it may be quickly changed into a well-balanced target pistol.

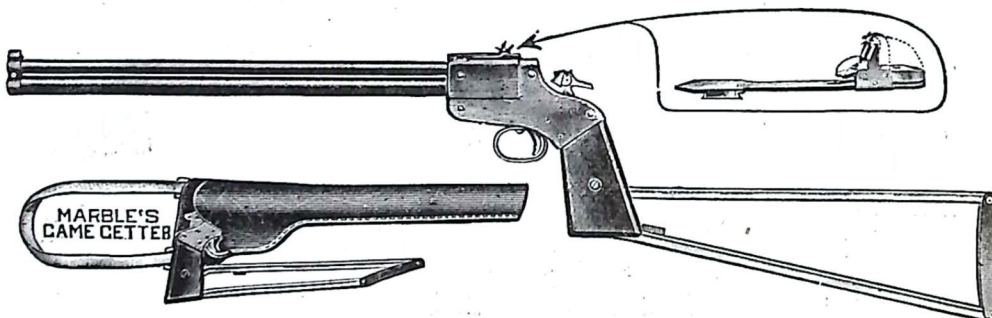

The change is made by removing the rifle barrel, to which the forearm is attached, and replacing the rifle barrel with a 7½-inch pistol barrel. The butt stock is easily and quickly detached without the use of any tool.

In addition to the rifle and target pistol barrels, a 3-inch pistol barrel is also furnished with each combination arm outfit. By use of the latter in place of the longer barrels a serviceable pocket weapon is produced.

Fiala combination arm, complete with 3 barrels, receiver and butt stock.....Price, \$32.50

MARBLE'S GAME GETTER GUN

MODEL 21—TWO GUNS IN ONE—ONE GUN FOR ALL GAME

Upper barrel is .22 caliber ri/e. Lower is .410 caliber or .410 caliber smooth bored, 2 in., or .410 caliber, 2½ in. only, smooth bored. Length of barrels, 12, 15 and 18 inches.

Striker adjusts for either barrel as desired. Hammer rebounds to safety notch after firing. Combination rear sight with folding leaf has small "U" notch, stationary buckhorn with large "U" notch, and folding peep with 3/32 inch aperture. Strong and simple extractor partially extracts from both barrels at one time. Trigger guard is pulled back to open breech. Blued finish. Has folding collapsible stock, and shoulder holster.

Mention combination desired.

Extra for Pearl Stocks, per pair \$2.75

H. & R. "TARGET GRIP" STOCKS

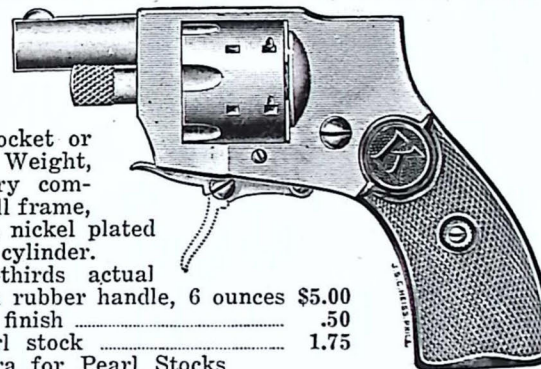

These stocks (shown in illustration fitted to Premier 32 caliber with four-inch barrel) can be furnished for all H. & R. shell-ejecting revolvers and for the H. & R. Double Action revolvers, Models 1904, 1905 and 1906. By removing the regular stocks and replacing a "Target Grip," anyone can transform a pocket revolver into a target pistol at small outlay of time and money. When ordering separately be sure to specify the style or name of revolver you wish fitted with "Target Grip." "Target Grip" Stocks (separately or attached) \$1.00

BABY HAMMERLESS REVOLVER, MODEL 1910

Extra for Pearl Stocks

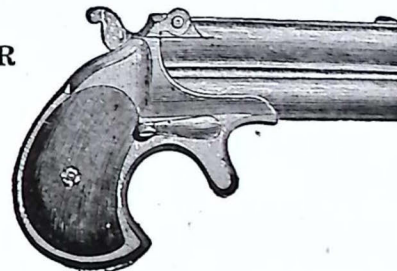

THE REMINGTON DOUBLE DERRINGER

2 shots, 41 caliber, rim fire. Weight, 11 ounces. Flat, compact and reliable. Nickel plated or blued.

Price, Each, \$11.65

Extra for Pearl Stocks, per pair, \$3.00

Genuine Stag Horn Handles

New and Attractive

These revolver handles are made of the genuine stag horn, which is certainly stronger than any other handle and in appearance is more attractive than pearl or ivory.

Stag horn is most appropriate for firearms, and will appeal strongly to the sportsman.

These will do more to add to the attractiveness of your revolver display than any other novelty you could introduce.

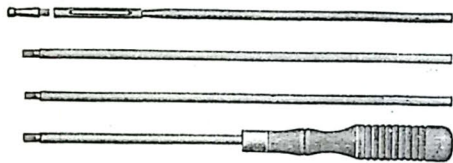

Following prices are for the handles only, which you can fit to revolvers you have on hand, or we will supply the revolvers fitted with stag handles and guarantee the lowest market prices.

Gun Implements

U. H. Co Brass Rifle Cleaning Rod

- No. 141. Brass Rod, slotted and jagged, with revolving cocobolo handle and threaded tip, to take brass or bristle brushes. 22 to 50 caliber. Packed one each in canvas bag for pocket, one dozen in a box. Made to take short brushEach, \$0.60
- 22 Caliber Rod takes 22 Caliber Brush only.
- 25 to 33 Caliber Rod takes 25 to 33 Caliber Brushes.
- 35 to 50 Caliber Rod takes 35 to 50 Caliber Brushes.
- 22 Caliber Rod Joint $8\frac{1}{2}$ inches long.
- 25 to 50 Caliber Rod Joint 9 inches long.

Brass Rifle Cleaning Rods

One Piece Rods

- No. 139. Brass Rod, 32" long, with jagged and slotted tip, and revolving cocobolo handle, 22 and 32 caliber.....Each, \$0.75

Brass Revolver Cleaner

- No. 400. Brass Rod, 11 $\frac{1}{2}$ " long, cocobolo revolving handle, slotted wiper, and No. 246B brass wire brush. Especially adapted for cleaning Target revolvers. 22 to 50 caliber.....Each, \$0.60

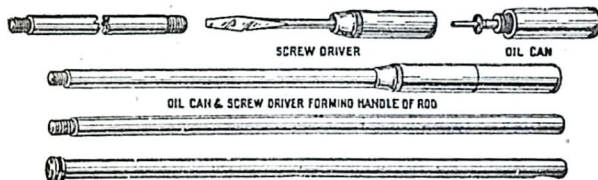

Revolver Cleaning Brushes

- Revolver cleaning brushes made of best bristles and twisted wire, 22, 32, 38 calibersEach, \$0.10

THE CHAUNCEY M. POWERS GUN CLEANING ROD

With Oil Can and Screw Driver Combined

Made of seamless brass tubing, highly polished. A very handsome light-weight and strong cleaning rod. The joints are perfectly smooth, thereby preventing any wearing of the shell chamber, extractor or breech of the barrels—"the most vital part of the shot gun"—Ralph Payne Gallaway. Large and strong enough for an 8-gauge and small enough for a 20. Does not absorb grease and dirt to soil the hands and clothes.....Each, \$2.50

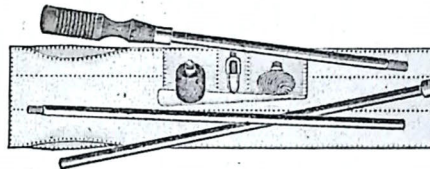

RIFLE RODS 22 AND 32 CALIBER

Cut represents Nos. 143 and 143W

- No. 143 Twisted wire, with bristle brush, 22 cal., 25 in.....Each \$0.15
- No. 143 Twisted wire, with bristle brush, 32 cal., 25 in.....Each .15
- No. 143W Twisted wire, with brass bristles, 22 cal., 25 in.....Each .25

Eureka Brass Jointed Shot-Gun Rod

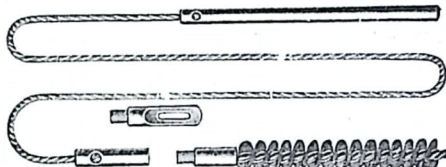

No. 9B

This set consists of a canvas partitioned case, three Jointed Cleaning Rod, made of brass tubing, fitted with cocobolo handle, Eureka Implements composed of:

- No. 232E Wiper
No. 202E Red Wool Swab
No. 212E Steel Wire Brush

No. 9B Rods 10 to 44 gauge.....Each \$2.00

United States Government Cleaner

Consists of a bristle brush with detachable cord and weight for dropping through barrel, and a separate slotted wiper for pulling through a dry cloth or for oiling purposes.

Nos. 246 and 246B brushes may be used with this cleaner.

No. 250 For all calibers, 22 to 50....Each \$0.50

Rifle Cleaning Brushes

Regularly furnished for 141B Rod

- No. 246 Bristle Brush with twisted brass core and shank, 22 to 50 caliber...Each \$0.15
- 246B Brass Wire Brush with twisted core and shank, 22 to 50 caliber.....Each .25

NOTE.—22 and 25 caliber Rods and Brushes are not interchangeable with 30 to 50 caliber Rods and Brushes.

U. H. Co. Bristle and Brass Wire Shot-Gun Cleaning Brushes

Adaptable to all Shot-Gun Cleaning Rods and Field Cleaners. These brushes are especially designed to remove rust, lead, caking, etc., and will not injure the finest shot-gun barrel.

- No. 248 Bristle Brush, with twisted steel core, brass shank and tip, 8 to 28 gaugeEach \$0.60

- No. 248B Brass Wire Brush with twisted steel core, brass shank and tip, 8 to 28 gauge.....Each .75

Genuine Tomlinson Cleaner for Shot-Guns

Guaranteed to remove all lead, rust spots and foreign matter from breech to muzzle. It has a bearing surface of 4 square inches. With a new pair of sides now and then it will last a lifetime.

The sides are of brass wire gauze wrapped over wood, and although it cuts all lead and dirt from the barrels it is too soft to injure them. Constant use will improve the barrels by giving a lengthwise polish.

A drop of oil should be put on the wire gauze, as it cuts more easily. By giving the cleaner a slight jar the dirt may be removed from the wire sides.

One pair of extra sides with each cleaner.

8 to 20 gauge.....Each \$0.40

Extra Brass Wire Sides, all ga...Per pair .15

ONE-PIECE GUN CLEANING RODS

Cut No. 1500

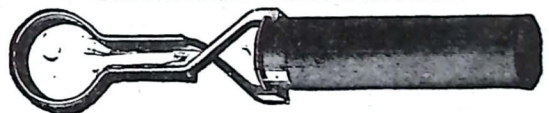

- No. 1500 Hickory, not jointed, with brush, 10 and 12 gauge...Each \$0.25
- No. 1500R Hickory, not jointed, with brush, 32, 38 or 44 caliber..Each .25

This cut represents Nos. 152B and 152

- No. 152 Iron Rifle Cleaning Rods, with ring, 22 caliber, 30-inch, slotted and jagged.....Each \$0.10
- No. 153 Same as No. 152, but 32 caliber.....Each .15
- No. 152B Brass Rifle Cleaning Rods, with ring, 22 caliber, 32-inch, slotted and jagged.....Each .50
- No. 153B 32 caliber.....Each .60

UNIVERSAL EXTRACTOR

By pressing together, the clutches spread apart, thus answering for any gauge.....Each \$0.35

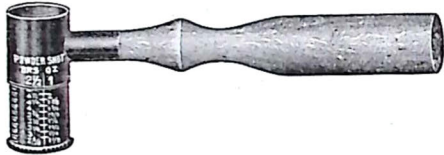

Gun Implements

Eureka Rammers

- No. 190. Birch rammer and base, and fine steel cap expelling pin, 10 to 28 gauge. Each, \$0.10
- 410 (12 m-m) and 32 gauge (14 m-m). Each, .25
- No. 190C—Rammer with steel cap expelling pin and base made from handsome cocobolo wood, 8 to 20 ga. Each, .15

Eureka Powder and Shot Measure

- No. 20R—Handle made of birch. Can be used for rammer. Metal part frosted nickel finish, 2½ to 4¾ drams, 1 to 2½ ounces. Each, \$0.35
- No. 20RC—Handle made of cocobolo. Can be used for rammer. Metal part polished nickel finish, 2½ to 4¾ drams, 1 to 2½ ounces Each, .50

Dips

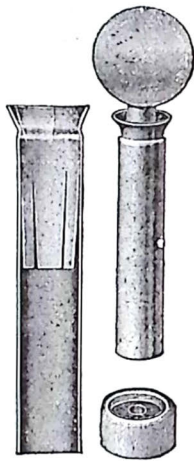

- No. 20—Dips, 24 ga. and 28 ga. Each, \$0.20
- 410 (12 M-M) and 32 ga. (14 M-M) Each, .25
- 2 drams, ¾ ounce, 24 ga. 1¾ drams, ½ ounce, 28 ga.

U. H. Co. Common Sense Recapper and Decapper

- No. 1186—It is constructed so that the needle adjusts itself for Recapping or Decapping shells of both 10 and 12 ga. Same also applies to 14 and 16 ga. Combination 10 and 12 ga. Each, \$3.00

Eureka Loaders

No. 147

- No. 147—Barclay pattern, inside spring, polished nickel tube, apple head, 10 to 20 ga. Each, \$1.00

- No. 189—Birch, polished nickel spun tube, and fine steel cap expelling pin, 10 to 28 ga. Each, .25

- 410 (12 M-M) and 32 ga. (14 M-M) Each, .30

- No. 189C—Cocobolo polished nickel spun tube, and fine steel cap expelling pin, 8 to 20 ga. Each, .60

No. 189

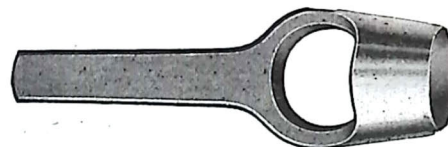

U. H. Co. Micrometer Combination Powder and Shot Measure

It is adjustable to a fractional part of a grain of powder, doing away with special measures on account of its being adaptable for all bulk nitro and black powders, interchangeable with shot.

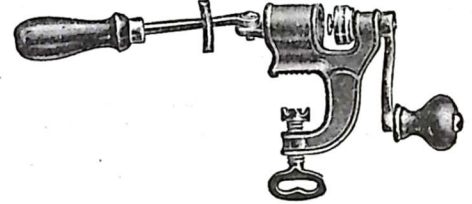

- No. 28—Graduated for 2½ to 4¾ drams of powder and for 1 to 2½ ounces of shot. Each, \$1.00

U. H. Co. Wad Cutters

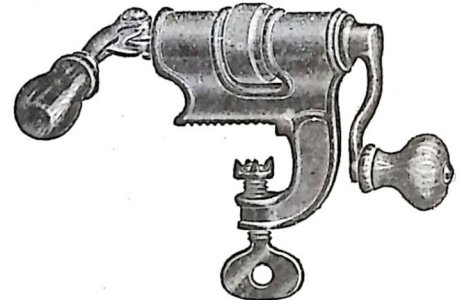

- No. 199—Best Steel, handsomely finished, sharp ground cutters. 10 to 28 ga. Each, \$0.60
- 8 and 9 ga. Each, .75
- 4 to 7 ga. Each, .90
- 410-36 ga. Each, 1.50

Eureka Closers

- No. O—Black japanned, case-hardened lever, brass cup, producing perfect square crimp, 10 to 28 ga. Each \$0.80
- 410 (12 M-M) and 32 ga. (14 M-M) Each, 1.00
- No. OXP—Same as No. O except fitted with expelling pin, 10 to 28 ga. only Each, 1.25

U. H. Co. Handy Closers

No. 4

The Handy Closer will crimp every shell alike. It has an automatic follower and burnisher, giving uniform pressure on the wads.

The straight feed, with movable dog attachment on lever, holds shell firmly.

Will crimp a shell of any thickness rapidly and perfectly.

For making a round crimp, use grooved side, and for square crimp use flat side of pins.

- No. 4—Hand Closer with hardened steel cup and pins, 10 to 28 ga. Each, \$5.00

Eureka Recappers

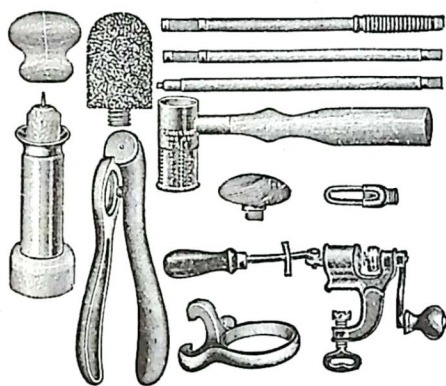

- No. 1180B—Black japanned iron, 8 to 28 ga. Each, \$0.20
- 410 (12 M-M) and 32 ga. (14 M-M) Each, .30

Eureka Shell Extractor

- No. X—Nickeled iron, 8 to 28 ga. Each, \$0.15
- No. XP—Same as No. X, but with polished nickel finish, 8 to 28 ga. Each, .30
- 410 (12 M-M) and 32 ga. (14 M-M) Each, .50

EUREKA LOADING AND CLEANING SET

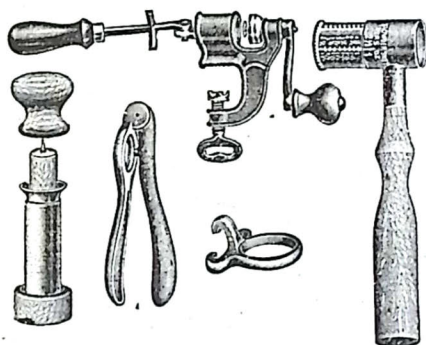

- No. 161 Paper and Brass Shell Set, in partitioned box, comprising No. 189 Loader, No. O Closer, No. 1180B Recapper, No. X Shell Extractor, No. 20R Powder and Shot Measure, and No. 95 Cleaning Rod with Eureka implements. 10 to 28 ga. Each, \$2.50

- 161C Paper and Brass Shell Set, same as No. 161, but with all wood parts made of cocobolo. 8 to 20 ga. Each, 3.50

- 166 Set consists of No. 189 Loader, No. O Closer, No. 1180B Recapper, No. X Shell Extractor, No. 20 Dip, and No. 95 Rod with special implements, 410 (12 M-M) and 32 ga. (14 M-M) Each, 3.00

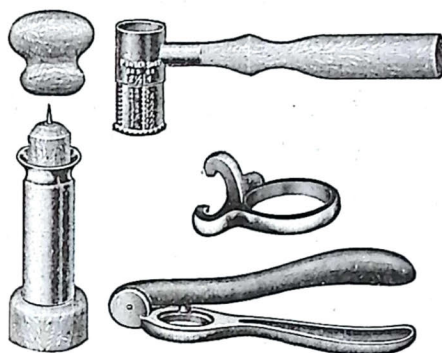

EUREKA LOADING SET

- No. 160 Brass and Paper Shell Set, in partitioned box, comprising No. 189 Loader, No. O Closer, No. 1180B Recapper, No. 20R Powder and Shot Measure and No. X Extractor, 10 to 28 ga. Each, \$2.00
410 (12 M-M) and 32 ga. (14 M-M) Each, 2.25

In these small gauge sets we furnish a No. 20 Dip in place of the No. 20R Powder and Shot Measure.

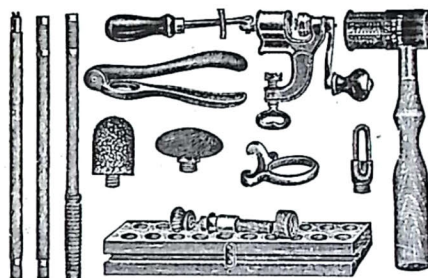

EUREKA LOADING SET

- No. 159 Implement Shell Set, in partitioned box, comprising No. 189 Loader, No. 1180B Recapper, No. 20R Powder and Shot Measure, and No. X Extractor, 10 to 28 ga. Each, \$0.75
410 (12 M-M) and 32 ga. (14 M-M) Each, 1.00

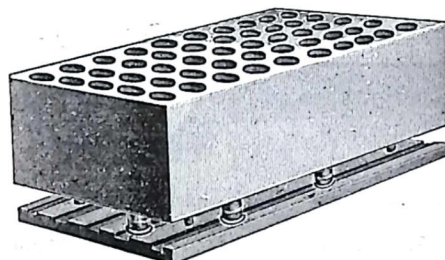

In these small gauge sets we substitute a No. 20 Dip for the No. 20R Powder and Shot Measure.

EUREKA LOADING AND CLEANING SET

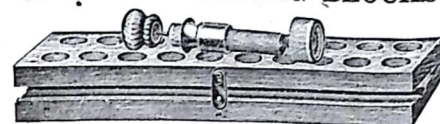

- No. 162 Complete Brass and Paper Shell Set, in partitioned box, comprising No. 75 Loading Block No. 1180B Recapper, Special No. 189 Loader, No. X Extractor, No. 20R Powder and Shot Measure, No. O Closer and No. 95 Cleaning Rod with Eureka implements, 10 to 28 ga. Each, \$3.50

U. H. CO. LOADING BLOCKS

- 77 Deep 50-Hole Whitewood, improved pattern, 10 to 28 ga. Each ... \$5.00

U. H. CO. LOADING BLOCKS

- No. 75 20-Hole Whitewood Loading Block, improved pattern, including loader, packed in a box, 10 to 28 ga. Each, \$1.25

212 Wire Brush, Long Shank, 8 to 28 ga. Each, .35
232 Flannel Wipers, Double Slotted, Brass, 8 to 28 ga. Each, .35

Marble's Gun Implements

MARBLE'S JOINTED BRASS RIFLE ROD

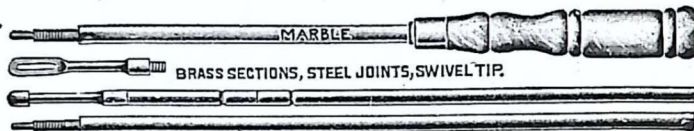

This Rod Will Not "Wobble," Bend or Break at the Joint

When screwed together it is to all intents as solid as a one-piece rod. A long, neatly fitting steel dowel enters the recess prepared for it in its solid brass section and imparts to the rod a special rigidity which the screw, thus relieved of all side strain upon it, backs up. It has two steel joints and a steel swivel at end. Is furnished with jagged and slotted tips and bag. Also attachments which make rod fit any cleaner.

Price includes bag. State length of barrel.

	List
No. 9622. .22 and .25 caliber. Lengths, 26, 30 and 36 ins..	\$1.25
No. 9728. .28 caliber and up. Lengths, 26, 30 and 36 inches	1.25

No. 9822. .22 and .25 caliber. Lengths, 26, 30 and 36 ins..	\$1.25
No. 9828. .28 caliber and up. Lengths, 26, 30 and 36 inches	1.25

For Extras, see Jointed Rod

The corrosive action of "Ammonia Dope" on brass rods is a source of much annoyance to the user of high velocity rifles. This is overcome by the use of our three-section jointed steel rod. Sections are connected by steel cores snugly fitting the recesses prepared for them. This makes the rod as strong and substantial as a one-piece rod. Swivel in end section prevents joints from unscrewing when in the barrel. Has wood handle. Complete with jagged and slotted tips.

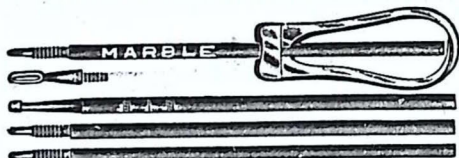

MARBLE'S POCKET BRASS ROD

Guaranteed not to break. Handle can be put on any section. Slight pressure makes it grip rod securely. Handle is steel, nickel plated. Selections are solid brass with steel joint connections and swivel same as "Marble's Jointed Rifle Rod." Price includes case.

	List
No. 222. .22 and .25 caliber. Lengths, 26, 30 and 36 ins..	\$1.75
No. 228. .28 caliber and up. Lengths, 26, 30 and 36 inches	1.75

MARBLE'S POCKET STEEL ROD

Sections and joints are of steel, otherwise same as "Marble's Pocket Brass Rod." Price includes case.

	List
No. 422. .22 and .26 caliber. Lengths, 26, 30 and 36 ins..	\$1.75
No. 428. .28 caliber and up. Lengths, 26, 30 and 36 inches	1.75

MARBLE'S SOLID BRASS AND STEEL RODS

Made from solid brass or solid steel rod with wood handle and swivel end, complete with jagged and slotted ends.

MARBLE'S REVOLVER ROD

The screw capped, nickel-plated, brass handle accommodates the other parts, also any make or size of cleaner and an extra section if needed. It is 3/4 by 5 inches in size.

This makes a very complete, compact outfit which may be conveniently carried in the pocket.

The sections are made of brass. This rod does not have a swivel.

No. 99. For 10-inch barrel. State caliber.....	\$1.00
--	--------

MARBLE'S RIFLE CLEANER

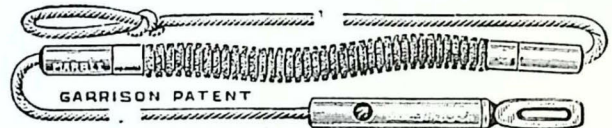

Sections of brass gauze washer on a special bent spring tempered steel wire.

The brushes are a little smaller than bore of rifle or revolver.

This allows the spiral spring to force but one side of each brush against the bore. There they follow the twist, reach into every angle of the entire rifling and rapidly remove all lead, copper, rust or powder residue.

Rifle Cleaner. State caliber. Each.....	.60
---	-----

MARBLE'S FIELD CLEANER

The cleaner is the same as "Marble's Rifle Cleaner." The loop can be put over same projection, the weight dropped through and hld in one hand, while with the other the gun is moved back and forth. This saves much time and labor in cleaning bad spots. Each.....\$1.00

Marble's Gun Implements

MARBLE'S SHOTGUN CLEANER

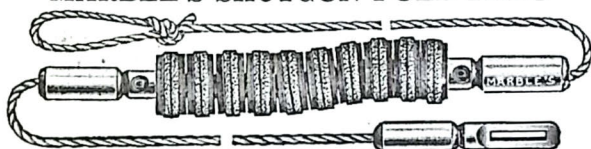

Made to Fit All Standard Rods

Constructed same as rifle cleaner, except that each section is composed of twelve washers of gauze held together with fiber washers. The spiral core gives equal pressure from chamber to choke, and with one thrust through the barrel it covers the entire circumference.

MARBLE'S ANTI-RUST ROPES

For Shotguns, Rifles and Revolvers

When saturated with oil these "ropes" exclude all air and moisture and make it impossible for the barrels to rust or become pitted. They are longer than the barrel and larger than the bore. This insures a constant pressure of oil against the entire circumference of the bore. One oiling will last for years.

For Shotguns, state length of barrel.

No. 140.	For 10 gauge Shotguns.....		\$0.60

MARBLE'S NITRO-SOLVENT OIL

Quickly dissolves the residue of all black and smokeless powders, including Cordite, neutralizing the acids before or even after they penetrate the steel. Contains no acid, and will not congeal. If applied soon after shooting, the arm can be left several days without wiping and still be in perfect condition when cleaned.

Best rust remover made. Cleans and polishes rapidly. A perfect lubricant.

Each bottle in handsome carton. Twelve cartons in light, safety shipping box.

MARBLE'S AUXILIARY CARTRIDGE

(Packed one in an envelope. 12 envelopes to a box)

For Rimless Cartridges

Order by number in list below..... List \$0.85

For Rim Cartridges (Cross Section View)

Places the pistol cartridge at the forward end of shell chamber for firing. Bullet takes rifling on being fired; does not strip and become deformed; does not lead the barrel. Gives thoroughly satisfactory results. It allows the use of very cheap ammunition for small game or target shooting in a large high-power rifle.

The implement is simple, strong, and its use is perfectly harmless to any part of the rifle. Can be used through the magazine if desired.

The States of Illinois and Michigan adopted Auxiliary Cartridges. This action was taken only after severe tests.

MARBLE'S BROKEN SHELL EXTRACTOR

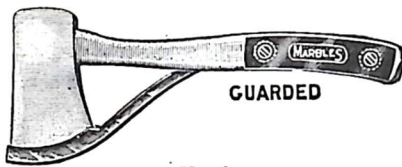

Made for All Calibers from .22 Automatic to 45-90, Inclusive

No. 160. State caliber. Each..... List \$0.85
The Marble Extractor slips inside the broken shell, grabs it by the nose, and one motion of the lever throws out extractor and the broken section.

Marble's Axes

It is large enough to fell a tree and small enough to carry in a pocket. A perfect axe for "blazing," clearing a trail, setting a tent, and is as necessary in the woods as a gun or knife. The nickel-plated, spring-hinged guard is lined with lead and folds into the handle. The blade is made of tool steel, carefully tempered and sharpened. The metal handles are drop forged, and will never break. The side plates are of rubber, the wooden handles are of selected hickory, and nickel-plated guard and receiver.

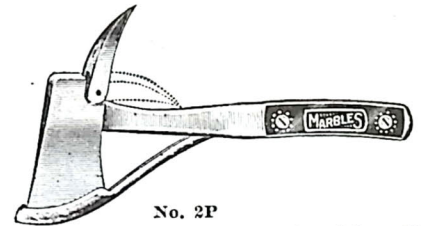

No. 2

MARBLE'S DOUBLE BITTED AXE

A delightful little axe to handle, nicely balanced, and just the right weight for speedy work in clearing a trail or cutting firewood. The double edge is of great value, as the user can always have one sharp edge for chopping and the other for general use. It is a great favorite with Forest Rangers, prospectors, guides, campers, etc.

Each axe is finely polished and ground to a keen cutting edge ready for immediate use. Guaranteed to be absolutely perfect in quality and temper, and the handle to be strong and true.

Blade, $7\frac{3}{4}$ x $3\frac{3}{4}$ inches. Weight, $2\frac{1}{2}$ pounds. Handle, 22 inches.

TRAIL MAKER'S KNIFE

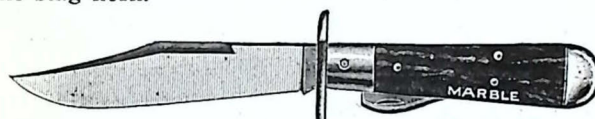

There is no one cutting tool that will serve as many purposes as the "Trail Maker." A wonderful amount of work can be accomplished with it when blazing or cutting a way through thick undergrowth or canebrake, tent poles, light firewood and trees up to several inches in diameter can be cut as quickly as with an axe.

No. 56. Blade 10 inches, handle 5 inches, weight 15 oz..	\$5.50
--	--------

SAFETY HUNTING KNIVES

These knives will appeal especially to that class of woodmen and sportsmen who object to a sheath knife and yet want a knife that is heavy, strong and rigid. They have a long blade with a short handle. Utilizing the extension guard as a safety lock when knife is open. The guard as well as the blade is held in position by a spring when either open or closed. The blades have bone chopper at back of point. The hilts, one on each side of the blade, and the holster and lining are of nickel silver. Side plates are of genuine stag horn.

N. B.—Always give make, model and caliber of gun when ordering.

Marble Sights

WHEN ORDERING SIGHTS, ALWAYS MENTION MAKE, MODEL AND CALIBER OF RIFLE

MARBLE'S FLEXIBLE REAR SIGHT

For All Standard American Rifles

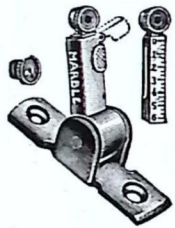

When not locked down a simple spring in the hinge joint instantly brings the sight into proper position should it be struck on front or back. This makes it invaluable in the woods and enables it to be used on rifles with long firing bolts. The lower sleeve is a

jamb nut which prevents the elevating sleeve from being accidentally turned, and holds the disc stem rigid at any elevation. This sight is made for nearly all American Rifles, but when ordering state if Rifle has pistol-grip stock, and be careful to give model and caliber.
Price..... \$4.00

MARBLE'S SIMPLEX REAR SIGHT

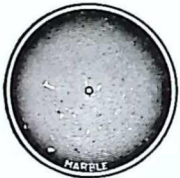

For 22 Caliber Rifles Only
Note Low Price

The stem can be set very quickly in any position by raising the lock to a horizontal position and moving the stem up or down with the fingers. The lock holds stem rigid at any elevation. The sight is held quite firmly by an inside spring in the proper position for shooting, but can be easily folded down.

Simplex Rear Sight.....\$2.00

DISCS FOR ALL MARBLE REAR SIGHTS

Target
(Disc Cuts are Actual Size)

Snapshooter

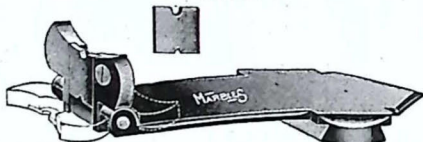

Target and Snap Shooters Discs screw into stem of sight, interchanging with the two regular discs, Nos. 1 and 2.

In dim light, and for failing eyesight a Marble Sidelight Disc is invaluable.

They combine all the advantage of the optical principle of the regular discs with the added advantage of an outer rim which enables one to more readily locate the center aperture.

No. 1 or No. 2. Each \$0.30
No. 5. Target. Aperture size No. 1..... .60
No. 6. Target. Aperture size No. 2..... .60
No. 7. Snap Shooter. Aperture size No. 2 .60

MARBLE'S ADJUSTABLE LEAF SIGHT

SLOT BLANK

For Filling Slot in Rifle Barrel
The regular middle or open sight should always be removed from the barrel, as it greatly interferes with quick and accurate aim.

No. 87.....\$0.30

MARBLE'S STANDARD SIGHT

Ivory or Gold Bead

Handsome and well made

Standard Sight.....\$1.10

MARBLE'S IMPROVED SIGHT

Ivory or Gold Bead

We may justly describe this sight as a "long look ahead." It enables one to make accurate shots at any range without stopping to adjust the rear sight.

On a range somewhat longer than the gun is sighted for one can see the object aimed at under the center of the head as well as over.

It is an exceptionally valuable sight for running shots, and is used for shooting at objects in the air by the most famous professional riflemen.

Improved sight.....\$1.10

MARBLE'S REVERSIBLE SIGHT

Ivory and Gold Bead

Both beads are the same size, and are furnished in 1/16, 3/32 or 1/4 inch sizes. This combination can be relied upon to meet every possible condition of light, background, etc. This sight can be instantly reversed. Simply pull up the bead carrier against the pressure of the spring until it clears the groove; then turn it around. A dowel near each end of groove engages with holes in the bottom of bead carrier. These would take up the shock of a blow on either end.

Reversible Sight, each.....\$1.65

MARBLE'S DUPLEX SIGHT

COARSE BEAD FOLDED

COARSE BEAD UP

Has 1/16 inch gold bead and 1/4 inch white enamel bead.

Made for Winchester 1894, 25-35, 30-30 and 32 W.S.; Marlin 1893 (state caliber); Savage, 1899 (state caliber), except Featherweights, .22 H. P. and .250-3000.

Duplex Sight, each.....\$1.65

SHEARD "GOLD" HUNTING OR TARGET SIGHT

This sight is guaranteed to show up well in the darkest timber, under any and all circumstances, and not to "blur." Will show the same color on different colored objects; will stand rough work and improve the shooting greatly.

Made to fit all sporting and military rifles, carbines, target revolvers and pistols, Luger and Mauser automatic pistols.

Sheard Sight, with Fine Bead.....\$1.65

MARBLE'S V-M

Each.....\$1.65

Embodies an optical principle new to many shooters. As the eye quickly and surely finds the center of the peep sight, so it finds the center of this front sight. The advantage of the aperture over bead sights is that the object aimed at is not covered up by the front sight. The shooter aims directly at the point of impact instead of lower, as is necessary with bead sights. The act of aiming is without effort and always accurate.

Are made from the best tool steel. Face and lining of aperture are made from lustrous Pope's Island Gold, visible in the dimmest light. The aperture is 5/32 inch inside diameter, 1/4 inch outside diameter, 1/4 inch deep. Repeated tests prove conclusively that these dimensions are best suited to the average shooter's need and are correct for practically all riflemen.

Olive color, canvas lined throughout, 10-ounce duck. Eight outside pockets with flaps, two inside game pockets with entrance inside of front and back seams, one outside breast pocket for matches, whistle or compass. Sizes, 34 to 46 inches.

Each..... \$5.50

No. 9. HUNTING COAT

Olive color, three-quarter lined, four outside cut-in pockets with flaps; one outside breast patch pocket. Made of 8-ounce duck. Full game pocketed throughout entire skirt. Corduroy-faced collar. Adjustable sleeves with corduroy-faced cuffs. Ventilated gusset under arms; reinforced shoulders. Sizes, 34 to 46 inches.

Each..... \$7.50

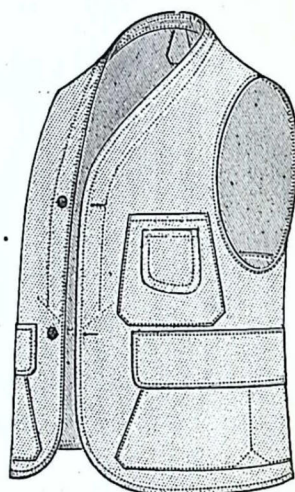

No. 70. SEVEN-OUNCE DUCK COAT

Olive color. Unlined. Six outside patch pockets with flaps. Two inside game pockets, corduroy collar and cuffs; two buttons. A light-weight and durable garment for hot weather. Size, 34 to 46 inches.

Each..... \$5.00

No. 070. SKELETON CANVAS COAT

Olive color; unlined. Six outside patch pockets with flaps, two inside game pockets; two buttons. A light weight and durable garment for hot weather. Sizes, 34 to 46 inches.

Each..... \$4.00

No. 5. NORFOLK JACKET

Olive color. Ten-ounce standard duck; two large outside pockets; inside breast pocket. Corduroy collar and adjustable corduroy-lined cuffs. Suitable for fishing or hunting. Sizes, 34 to 46 inches.

Each..... \$10.00

Duxbak Sportsman's Clothing

Hunting Coat
No. 2/10

DUXBAK HUNTING COAT No. 2/10

Made from a double thickness of rainproofed Duxbak cloth, with the exception of the under side of the sleeve, which is of a single thickness. Collar and cuffs are made of stout corduroy. Game pocket enters at the front and sides of the coat. A very comfortable, roomy garment. Each, \$8.80

DUXBAK NORFOLK COAT No. 2/11

Made from a double thickness of rainproof Duxbak cloth, this coat is designed to give the wearer every protection from the weather; and, being made in a norfolk model, to present a very neat and attractive appearance. The collar and cuffs are made of a soft corduroy. Game pocket is entered just inside the front of the coat, and there is an inside fly-book pocket and match pocket for the convenience of the fisherman. Each, \$8.80

Long Trousers
No. 2/71

DUXBAK LONG TROUSERS No. 2/71

Made from a single thickness of Duxbak cloth, with the exception of knee and seat, which are reinforced with an additional thickness of the same material. The pockets in this pant are cut very large and full, and the pant itself is so designed as to give ease and comfort in any position. Per pair, 5.50

DUXBAK SHELL VEST No. 2/54

Made with 32 shell loops which have been especially designed for Duxbak vests. The top of the loop is made of Duxbak cloth and the upper edge has been reinforced with a non-elastic cord which prevents the shell from slipping out. The bottom of the loop has been made of an elastic webbing, which also prevents the shell slipping. This design of vest, we believe, is the best that has ever been made, and the shells are bound to stay in when stooping over in any position. Made in 12, 16 and 20 gauge. Each, \$3.85

DUXBAK HAVELOCK CAP No. 2-B

This Cap has a wide corduroy lined, pull-down band that may be fastened under the chin as a protection from wind, and is especially desirable for exposed and windy places. Per pair, \$5.50

Havelock Cap
No. 2-B

DUXBAK HAT No. 2/A

A real old-time fishing hat, and one that is very satisfactory to everybody. Made with a reasonably high crown, and of material that will turn the water and prevent it running down the neck. You cannot go wrong with this hat. Each, \$1.38

Hat
No. 2/A

DUXBAK LACED BREECHES No. 2/70

The knee and seat of these breeches are reinforced with an additional thickness of Duxbak cloth, the same as a long trouser. The pocket room is plentiful. The pants lace on the front of the leg from just below the knee to the ankle. A very popular model, and one which is constantly growing in favor. Each, \$6.05

DUXBAK LACED LEGGINGS No. 2/40

Made from a double thickness of regular Duxbak cloth, these leggings will give the wearer the best of service. They lace on the side and are fastened under the foot with a strap made of the same Duxbak material. Per pair, \$2.20

Hunting Coats

No. 30. CORDUROY COAT

Best selected American corduroy, brown color; body lined with Khaki drill; broad wale seams. Five outside cut-in pockets with flaps. One outside breast patch whistle or match pocket; full game pocketed throughout entire skirt with back and inside entrances; all pockets strongly sewed; all buttonholes well worked with strong thread, three buttons. Reinforced shoulders. Adjustable sleeves. Sizes 34 to 46 inches. Each.....\$15.00

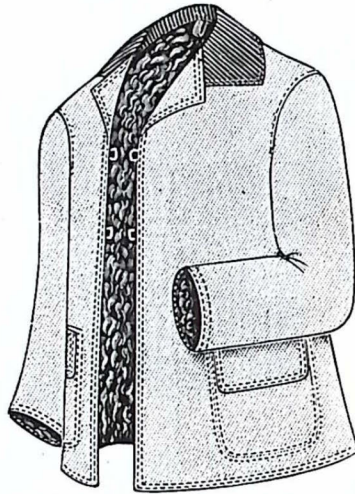

REVERSIBLE TAN LEATHER COAT

No. 41. Reversible Tan Leather Coat, corduroy lined. Can be used as either a corduroy or leather coat. Three inside pockets and three outside pockets; ventilated armholes. It can be worn for hunting or general use. Length, 31 inches. Sizes, 36 to 44 inches.

Each..... \$25.00

SHEEPSKIN LINED COATS AND VESTS

No. 50. Made of good quality brown duck; large corduroy collar. Lined with sheep pelts, the wool of which makes it extremely warm. Double-breasted. Sleeves lined with heavy blanketing. Two side and one breast cut-in pockets.

Each \$18.00

No. 56. Vest made from best sheepskin with wool inside.

Each \$6.50

REVERSIBLE BLACK LEATHER COAT

No. 40. Reversible Black Leather Coat, corduroy lined. Can be used as either a corduroy or leather coat. Three inside pockets and three outside pockets. Ventilating armholes. It can be worn for hunting or general use; 31 inches long. Sizes, 36 to 44 inches.

Each..... \$25.00

TRAP SHOOTING COAT

No. 31T. Trap Shooter's Coat, made especially for this work. The body is made of fine quality camel's hair, cloth lined, with suede leather sleeves, knitted collar and cuffs. One breast pocket and two large shell pockets. Wind and storm-proof; most genteel appearing trap-shooter's coat made.

Each..... \$22.50

SWEDISH DOGSKIN COAT

No. 45. Tan Swedish Dogskin Coat. Combines lightness in weight and full protection against wind and cold. Swedish leather is soft and pliable and does not harden or crack after being wet. No other coat with same comfort and smart appearance. All of these coats are red flannel lined and stitched with silk.

Each..... \$35.00

Vests

No. 48. CORDUROY SHELL VEST

Best Selected American Corduroy. Broad wale seams, full lined throughout. Shell loops reinforced at bottom with extra layer of corduroy; five buttons. Made to hold 12 or 16 gauge shells. Wide adjusting-strap in back. The average carrying capacity, 40 shells.

Each..... \$5.00

No. 67C. HEAVY CANVAS SHELL VEST

Nine-Ounce Duck Shell Vest, unlined, with loops for forty 12 or 16 gauge shells. Shell loops reinforced at bottom with extra layer of duck; five buttons; linen-worked button-holes. Sizes, 34 to 44 inches.

Each..... \$2.50

SWEDISH DOGSKIN VEST

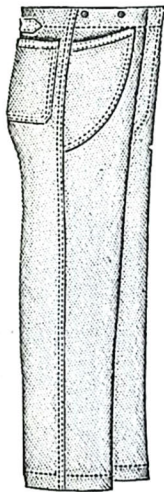

No. 44. Tan Swedish Dogskin Vest. Combines lightness in weight and full protection against wind and cold. Swedish leather is soft and pliable, and does not harden or crack after being wet. No other vest with same comfort and smart appearance. All lined with red flannel and stitched with silk.

Each..... \$11.00

Corduroy and Canvas Pants

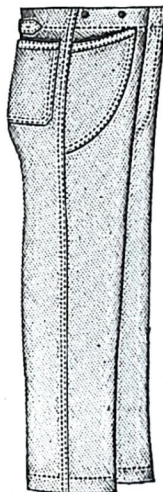

No. 45. CANVAS PANTS

Per pair..... \$6.00

Moccasins

"THE MOHICAN"

The Mohican is a perfect fitting, sturdy moccasin with a look of quality in every detail—quality that is actually there

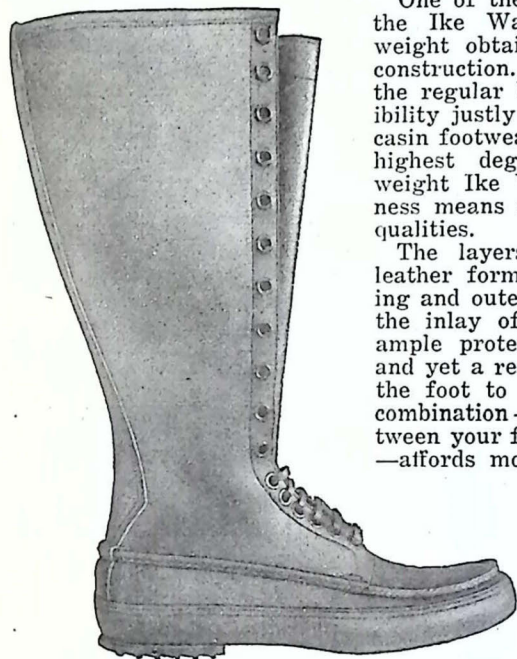

and will prove the Mohican ideal for boating and hunting.

The Mohican is made entirely of Chocolate Chrome leather. The vamps are securely locked to the toe-piece by the Never Rip seam, indicated on the illustration by "A." The sole extends well up the sides of the vamp and is fastened by countersunk stitching at point "B." The seam joining the upper and vamp is firmly sewed with two rows of silk thread and reinforced by a row of heavy waxed thread. One piece backstay and binding at top is attached in like manner. Full length bellows-tongue, fast color eyelets and strong laces.

No. 2080-2. 9 inches high, men's sizes.....Per pair, \$11.75

THE "IKE WALTON"

This boot is fitted with the Never-Rip seam around the entire vamp. Identical to the Imperial boot seam.

One of the best things about the Ike Walton is the light weight obtained by its unique construction. The sturdiness of the regular boot with the flexibility justly attributed to moccasin footwear is brought to its highest degree in the light weight Ike Walton. Its lightness means no forfeit to other qualities.

The layers of waterproofed leather forming the vamp, lining and outsole together with the inlay of sole leather give ample protection to your feet and yet a resiliency that allows the foot to bend freely. This combination—four layers between your feet and the ground—affords more protection than your ordinary street shoe.

The vamp is securely closed at the toe-piece seam by the Never-Rip seam process and is lined with a one-piece

layer of waterproofed leather smoothly fitted and with but one seam at point "D." Between these vamps, full protection is given the bottoms of the feet against obstructions by an inlay of pliable sole-leather that is shaped to the spoor of the foot. The outer sole is molded from an extra heavy weight of the wonderful Maple Pac leather and extends part way up the sides of the vamp, the stitching countersunk. The junction of the upper and vamp is tightly hand-sewed and properly connected with the "Never-Rip" seams.

No. 52014. 14-inch high, made of Chocolate Chrome Paris Veal, waterproofed. Weight 2 lbs. 12 oz. Men's sizes.....Per pair, \$21.00

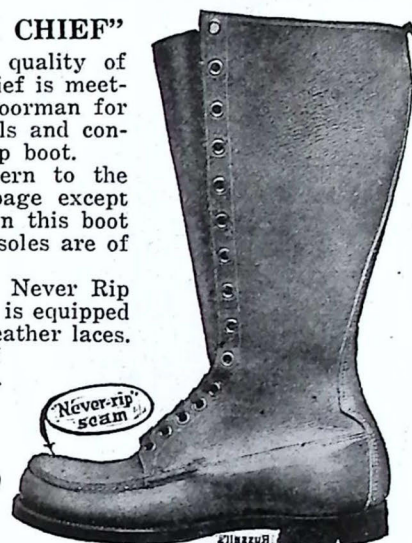

THE "NEVER-LEAK CHIEF"

Developed in the fine quality of Chocolate Chrome, the Chief is meeting the want of the outdoorsman for assurance of best materials and construction in a single vamp boot.

It is identical in pattern to the boots on the preceding page except that the machine stitch on this boot is in fine silk thread and soles are of selected oak.

The Chief features the Never Rip seam on the toe piece and is equipped with special eyelets and leather laces. The soles and heels are of selected oak-tanned stock.

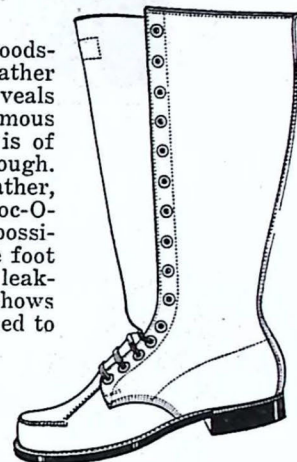

No. 2012-2. 12 inches high. Weight 3 lbs. 5 oz. Men's sizes, Per pair, \$14.50

THE WOC-O-MOC

The Woc-O-Woc is made for the woodsmen who desire the very best. The leather is made from genuine imported veals tanned in an American tannery famous for the quality of its product. It is of good weight but soft, flexible and tough. The bottom is a double sole of oak leather, thoroughly waterproofed. The Woc-O-Moc pattern does away with the possibility of ripping over the ball of the foot and greatly reduces the chances of leaking through the seam. Illustration shows 16-inch height, which can be furnished to order.

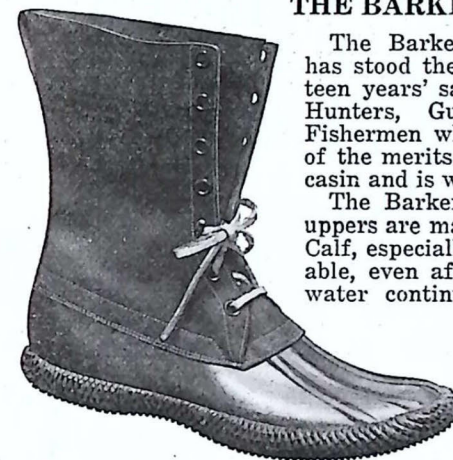

No. 3874. Men's Chocolate Chrome Waterproof Veal, 10 inches high, bellows tongue, Klondyke eyelets, double waterproof sole, Woco last.....Per pair, \$14.00

THE BARKER HUNTING SHOE

The Barker Hunting Shoe, which has stood the test of more than thirteen years' satisfactory service to the Hunters, Guides, Lumbermen and Fishermen who have worn it, has all of the merits of the soft tanned moccasin and is waterproof in addition.

The Barker Hunting Shoe tops or uppers are made of the finest Tan Box Calf, especially prepared, soft and pliable, even after having been used in water continuously; no greasing or dressing is necessary; these tops are silk stitched on pure Para Rubber bottoms which are absolutely waterproof, light weight, warm and noiseless.

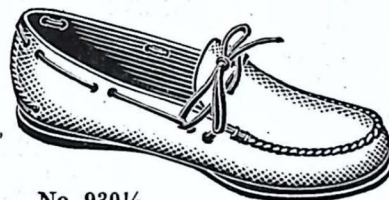

No. B. Without heel, 10 inches high.....Per pair, \$8.00
No. BH. With heel, 10 inches high.....Per pair, \$8.50

Leather Gun Cases

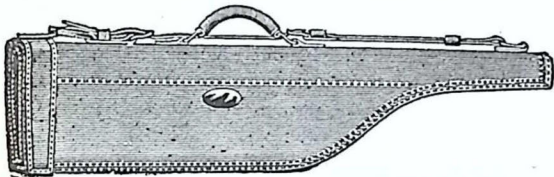

NOTE.—In ordering, be particular to mention Length of Barrel for which cases are wanted

- No. 156. **HEAVY BROWN LEATHER** with pig grain finish. Brass trimmed and lock buckle. Adjustable partition, flannel lined; inside rod pocket; reinforced seams and shoulder sling. Made in 28, 30 or 32-inch.....Each \$10.00
- No. 157. **LEG O' MUTTON SHAPE.** Selected heavy russet sheep leather, flannel lined, nicely finished; with sling strap and handle. Made in 28, 30 or 32-inch.....Each 11.00
- No. 159. **LEG O' MUTTON SHAPE.** Medium weight russet cowhide case leather, flannel lined, with handle, sling strap and lock buckle. Made in 28, 30 or 32-inch.....Each 12.00

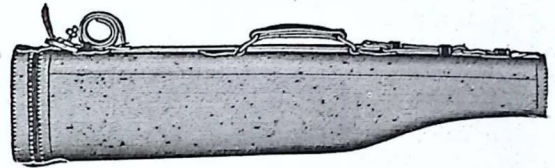

- No. 163. **REMINGTON AUTOMATIC GUN CASE.** Leg O' Mutton shape. Medium weight russet cowhide case leather, flannel lined, lock buckle, handle and sling.....Each \$13.00
- No. 263. Same general description as 163. Made to fit Winchester Automatic Shot Gun.....Each 13.00

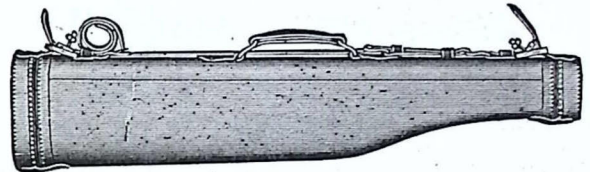

- No. 180. **LEG O' MUTTON STYLE.** Medium weight brown cowhide case leather, maroon flannel lined, heavy brass trimmings, lock buckle, handle and sling flannel rod pocket under partitionEach \$13.00
- No. 11. **HEAVY BROWN COWHIDE LEATHER,** maroon flannel lined, heavy brass trimmings; hand-sewed seams; made with rod pocket under partition, handle and return sling.....Each 17.00

- No. 164. **LEG O' MUTTON SHAPE RIFLE CASE.** Medium weight russet cowhide case leather, flannel lined; made with rod pocket under partition, handle and sling. State length of barrel...Each \$12.00

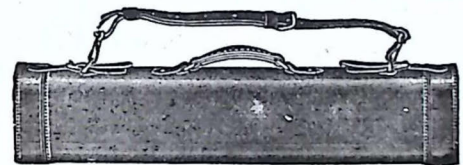

- No. 162. **FRENCH STYLE BEST GRADE LEATHER CASE.** This is the most compact leather case made. The barrel is put in breech first, which permits the stock to lay close to the muzzle end of barrel, leaving no waste space, and is about one-third smaller than the Leg O' Mutton shape case. Made in extra quality heavy russet leather, green felt lined, with lock buckle, flat hand-made leather handle and sling strap. Made in 28, 30 or 32-inch.....Each \$21.00
- No. 262. Same general description as No. 162, but made of medium weight russet cowhide case leather, maroon flannel lined, handle and sling....Each 13.00

- No. 65. **SINGLE BARREL TRAP GUN CASE.** Extra heavy dark maroon color leather, maroon flannel lined, flanged cap at both ends, the barrel being inserted into separate barrel pocket from small end and stock from opposite end. Brass locks and trimmings, handle and sling. Well made in every respect.....Each \$30.00

- No. 630. **DOUBLE-END GUN CASE.** Heavy russet cowhide case leather, maroon flannel lining, brass lock buckle, hand-sewed seams, flat sliding handle and sling strap for Winchester and Remington Pump Guns.....Each \$21.00

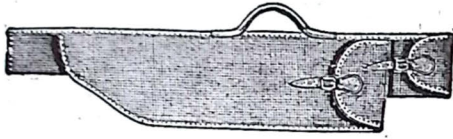

The Elliott Gun Case

- No. E. **THE "ELLIOTT" GUN CASE** is a little departure from the ordinary style of gun case. While exceedingly compact, the case is made roomy enough so that it will carry any 12 gauge or smaller double barrel shot gun, a Winchester '97, the Remington pump gun, or other repeating gun. Made from a suitable weight cowhide, so stuffed with grease that it is almost chocolate in color, and therefore almost impervious to water. All brass trimmings with sling strap.....Each \$40.00

"Hi-Grade" Brand Canvas Gun Covers

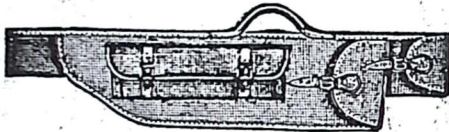

Manufactured by THE H. & D. FOLSOM ARMS CO.

No. 24. VICTORIA COVER

Folsom Patent Military and Police Holsters

Manufactured by THE H. & D. FOLSOM ARMS CO.

Every Holster is Carefully Molded by Hand so as to Fit the Particular Model for which it is Made

THE ONLY POSITIVE LOCK HOLSTER MADE

These holsters have been adopted by most Police Departments and Military Organizations of the leading cities of the United States.

The revolver or pistol slides into the holster with perfect ease and is automatically and securely locked, which prevents its jarring out of holster under any circumstances, yet is instantly released by the slightest touch of the finger.

The lock is absolutely secure; release is instantaneous.

NOTE.—When ordering mention make, model, caliber and length of barrel. These holsters are furnished in russet leather unless black is specially mentioned.

This style is made of the best grade 6-oz. cowhide leather and fitted with a nickel plated steel catch which automatically locks the revolver or pistol when placed in the holster. When drawing the arm from the holster the slightest touch of the trigger finger releases the spring lock.

- A132. Made for S. & W. Hand Ejector 32 Caliber, Colt Pocket Positive 32 Caliber, Police Positive and Police Positive Special 32 and 38 Caliber and other small frame revolvers.
Up to 4-inch.....Each, \$3.25
Up to 6-inch.....Each, 4.00

This style is made of the best grade 6-oz. cowhide leather except No. A22 which is of 7-oz. leather and fitted with a nickel plated steel spring catch which automatically locks the revolver or pistol when placed in the holster. When drawing the arm from holster the slightest touch of the trigger finger releases the spring lock.

- A22. Made for Colt Automatic 22 Caliber..Each, \$4.50
A25..Made for Colt Automatic 25 Caliber..Each, 2.75
A32. Made for Colt or Savage Automatic 32 and 380 Caliber and S. & W. Automatic 35.
Each, 3.25

Made of best grade 7-oz. cowhide and same locking features, etc., as holster No. A132.

- A138. Made for S. & W. Military and Police Models 32/20 32 and 38 Caliber; Colt Army Special, 32 and 38 Caliber.
Up to 4-inch...Each, \$4.50
Up to 6-inch...Each, 5.00
A144. Made for Colt New Service, 38, 44 and 45 Caliber and Colt Single Action Revolvers.
Up to 5½-inch.Each, 4.50
Up to 7½-inch.Each, 5.00

- A145. Made for Colt Officers' Model Target, 38 Caliber; S. & W. Military and Police Model, Square Butt 38 Caliber.....Each, 5.50

The A145 Holster has been officially adopted by the N. Y. State Conservation Commission, N. Y. State Troopers, and New Jersey State Police.

This style is made of the best grade 7-oz. cowhide and fitted with a nickel plated steel spring catch which automatically locks the revolver or pistol when placed in the holster. When drawing the arm from holster the slightest touch of the trigger finger releases the spring lock.

- A38. Made for Colt Automatic 38 Pocket Model.
Each, \$4.50
A45. Made for Colt Automatic 45 Government or 38 Colt Military Model.....Each, 4.50

Holsters other than described above will be considered "Special," for which extra price will be asked.

Folsom Patent Military and Police Holsters

Manufactured by THE H. & D. FOLSOM ARMS CO.

NOTE.—When ordering, mention make, model, caliber and length of barrel. These holsters are furnished in russet leather unless black is specially mentioned.

No. A.B. 350. POLICE BELT HOLSTER

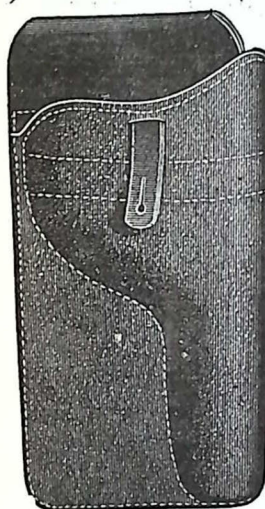

This Holster has been officially adopted by the Jersey City and fifty other Police Departments.

The back of Holster is made of 6-oz. best grade cowhide and the front of 4½-oz. boarded leather.

The cylinder of the revolver engages with a shoulder and is held in place by a leather covered spring steel band. The revolver slips into holster with perfect ease and is automatically locked. When drawing revolver the natural position of the thumb releases the catch. For belt use only. Furnished in black unless russet is mentioned.

No. A.B. 350. Made for Small Frame Revolvers, 32 or 38 Caliber. Up to 4-inch. Rubber lined. Each..... \$2.25

No. A.P. 332. POLICE POCKET HOLSTER

This Holster has been officially adopted by the New York City Police Department.

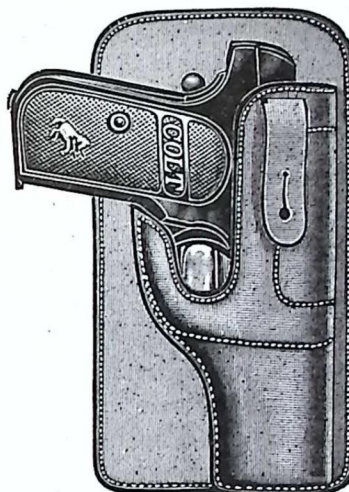

Pocket and Belt Combination Holster, fitted with square leather back to keep revolver in upright position; same general description as No. A.B. 350. Furnished in black unless russet is mentioned.

No. A.P. 332. Made for Pocket Revolvers, 32 or 38 Caliber. Up to 4-inch. Rubber Lined. Each, \$2.50

No. AP. 338. Made for Colt 25 and 32 or Savage 32 Caliber Automatic and S. & W. 35 Caliber Automatic..... Each, \$3.50

No. AP. 339. Made for Colt 38 Caliber Automatic Pocket model..... Each, 3.50

No. A.P. 331. POCKET HOLSTER

This style made of 6-oz. best grade cowhide leather and can be used for either pocket or belt and it is fitted with a square leather back, which keeps revolver in an upright position in pocket. Also fitted with belt loop and strap to button on outside of pocket.

Fitted with nickel plated spring catch.

No. A.P. 331. Made for Colt or Savage Automatic Pistols, 32 or 380 Caliber, and S. & W. Automatic, 35 Caliber Each, \$4.00

No. A.P. 341. Made for S. & W. Hand Ejector, 32 Caliber; Colt Pocket Positive, 32 Caliber; Police Positive and Police Positive Special 32 or 38 Caliber and other small Revolvers up to 4-inch..... Each, 4.00

No. F. C. POLICE CLUB HOLDER

A practical holder that permits of quick removal of club in the emergency. Approved by Police Departments of various large cities.

Back made of 6-oz. black cowhide. Front made of 4-oz. black cowhide..... Each, \$2.50

Recoil Pads, Etc.

JOSTAM ANTI-FLINCH RECOIL PAD

This is a soft cushion of red rubber which is molded and vulcanized to a hard rubber base plate. Through the soft cushion are oblong holes which slant at an angle of 45 degrees in line with the stock. These holes take up the recoil and eliminate the upward whip of the muzzle. Attached to the stock by two screws, which are furnished with each pad. Directions for attaching furnished.

Sizes:

Small—5 x 1 $\frac{5}{8}$ in....Each, \$3.25
Medium—5 $\frac{3}{8}$ x 1 $\frac{3}{4}$ in. Each, 3.25
Large—5 $\frac{1}{2}$ x 2 in....Each, 3.25

GOODRICH RECOIL PAD (Hard Rubber Back)

No. HRB. An enlarged air chamber hollowed out under the pad surface adds greatly to its cushion. Tough, durable hard rubber base and soft rubber cushion are united almost inseparably by an especially compounded adhesive strip. Screws to gun stock firmly; no slipping; it's like part of the gun itself. Can be buffed easily to fit any gun butt.

Sizes:

Medium 5 $\frac{1}{2}$ x1 $\frac{3}{4}$ in...Each, \$3.50
Small 5x1 $\frac{1}{2}$ in.....Each, 3.50

AKRON RECOIL PAD

Most popular pad on the market. Best quality sponge rubber cushion securely cemented in boot of fine chrome leather. Laces tightly to stock; no slipping; nothing to catch.

Sizes:

No. 2—4 $\frac{3}{4}$ in. long 1 11/16 in. at widest point...Each, \$3.00
No. 3—5 $\frac{1}{4}$ in. long 1 23/32 in. at widest point...Each, 3.00
No. 4—5 $\frac{1}{2}$ in. long 1 $\frac{7}{8}$ in. at widest pointEach, 3.00

No. 30 $\frac{3}{8}$. Raises the Comb $\frac{3}{8}$ inchEach, 4.00

THE NORKA

Construction same as "Akron," but made of less expensive materials. A very serviceable pad, made of good leather and rubber. It laces on. Salable line at competitive prices.

Sizes:

No. 3—5 $\frac{1}{4}$ in. long 1 23/32 in. wide. (Formerly No. 2.)
No. 4—5 $\frac{1}{2}$ in. long 1 $\frac{7}{8}$ in. wide. (Formerly No. 3.)

Price, each, \$2.25

JOSTAM "SPONGE RUBBER" RECOIL PAD

Sponge rubber pads are the softest pads on the market. Made of high-grade sponge rubber in 1, 2 and 3-ply. At the base there is a strip of red sheet rubber, which is tacked and cemented to the stock, and the sponge rubber, in turn, is cemented to the red strip. Between the layers of sponge there are strips of red gasket rubber to give the pad body strength. These Pads are faced with soft red sheet rubber. Special tacks furnished with each pad; also instructions for attaching.

Single ply, $\frac{3}{4}$ in. thick. Price, \$1.50

Two ply, 1 in. thick...Price, 2.00

Three ply, 1 $\frac{1}{2}$ in. thick. Price, 2.50

JOSTAM "AIR CUSHION" RECOIL PAD

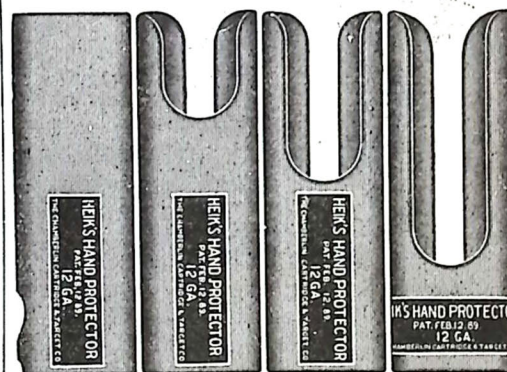

Silver Pattern

5 $\frac{1}{2}$ inches long, 1 $\frac{3}{4}$ inches wide, $\frac{7}{8}$ inch thick.

Constructed the same as all others of this type. Soft red rubber cushion and hard black base plate. Hollow Cushion, Chamber extending from toe to heel. Best grade of Para rubber used. Best pad of this type on the market.

Price, each, \$3.50

THE HEIKE'S GUN HAND PROTECTOR

Compasses

U. S. ENGINEER CORPS COMPASS

No. 66. Floating white metal dial with radiolight cardinal compass points in heavy brass case, 2 inches in diameter and $\frac{5}{8}$ inch deep when closed. This is the U. S. Army official compass, with all up-to-date devices including mirror back.

Price \$3.50

MANITOU

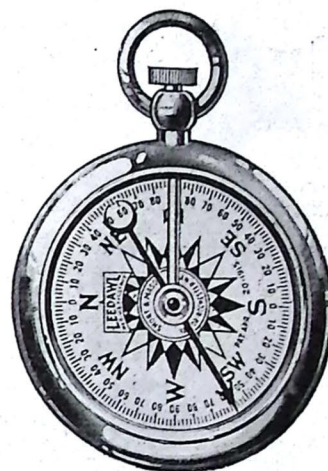

Arrow Head Magnet with Metal Dial

A very durable aluminum compass with cover and ring, clear marked silver dial.

Price \$0.50

LEEDAWL COMPASS

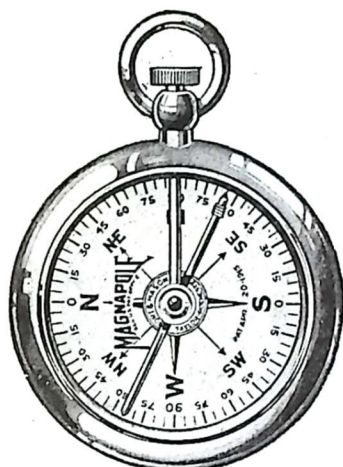

No. 2910

For fishermen, hunters, pedestrians, motor-cyclists, automobilists, travelers, tourists, boy scouts, etc.

Price \$1.75

THE MAGNAPOLE

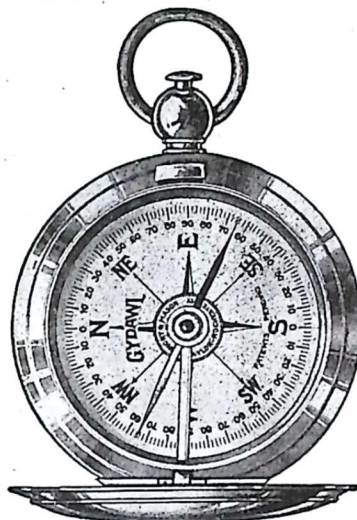

No. 2911

The Magnapole is the limit of perfection in the open face style of compass with bar needle.

The solid and delicate bar needle of the Magnapole is carefully magnetized and tempered, so that it will retain its magnetism indefinitely, producing a permanently accurate and guaranteed compass.

Price \$1.75

GYDAWL COMPASS

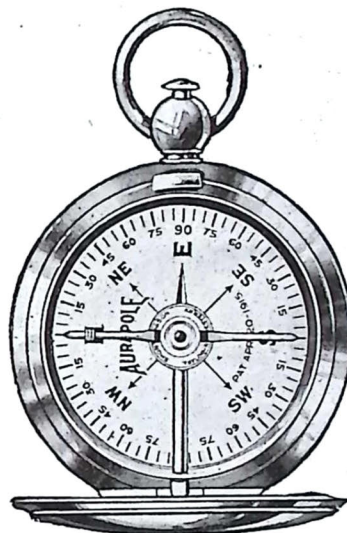

No. 2914

For a low priced compass in a hunter style case the Gydawl cannot be beaten. The needle is of the flat, half-blued steel type—just the same as in the Leedawl,—has a jeweled center and a stop which automatically lifts the needle off the special steel point on which it operates, directly the lid is closed.

Price \$4.00

AURAPOLE COMPASS

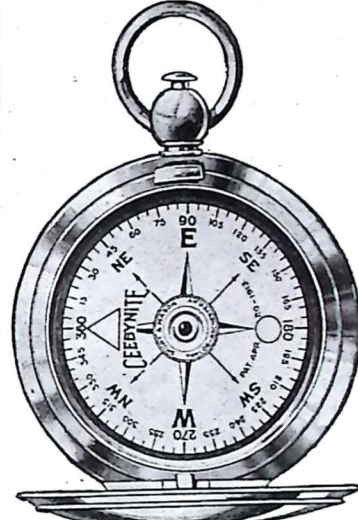

No. 2915

The needles of Aurapole compasses are heavily magnetized, delicately balanced and are extremely sensitive. Centers are jeweled and a stop lifts the needle off center point when lid of case is closed. Dial is of aluminum.

Aurapole compasses in thin model, white metal hunter case, strongly hinged.

Price \$4.25

CEEBYNITE COMPASS

No. 2917

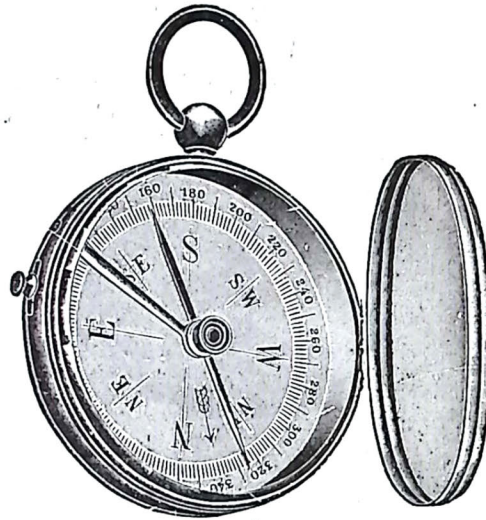

How often during a sojourn in the woods or in crossing a lake at night, tain its magnetism indeficampers and travelers have difficulty in finding direction. It might be so dark that the compass could not be seen, and so windy that matches could not be lighted. The Ceebynite compass solves the problem.

Price \$5.00

**10-MILE AMERICAN
PEDOMETER****Exact Size**

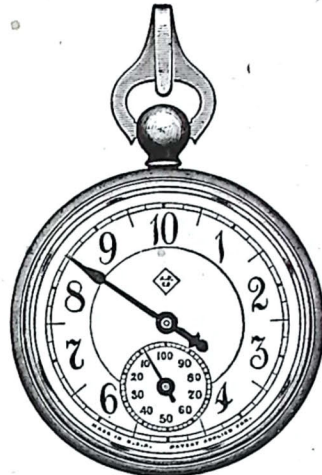

The cut above is the exact size of our Ten Mile pedometer. The case is nickel finished and highly polished.

Price Each, \$3.00

**WATCH MODEL AUTOMATIC
COUNTERS**

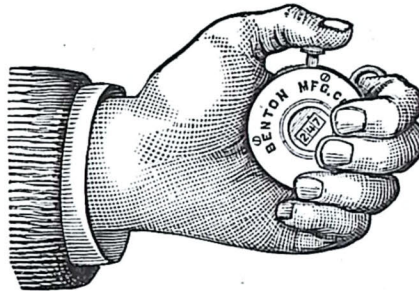

It counts consecutively from 1 to 999 and repeats. Operated by pressing the crown, and can be set back to "0" from the back. Useful in many ways. It is the size of an ordinary watch and finished in triple nickel plate.

No. 9. Price..... Each, \$4.00

**100-MILE AMERICAN
PEDOMETER****Exact Size**

Our hundred mile pedometer, which the cut above is an exact full-size illustration, closely resembles our ten-mile instrument. The case, in size, design and material, is the same, but the dials are two in number, showing a ten-mile and a hundred-mile record.

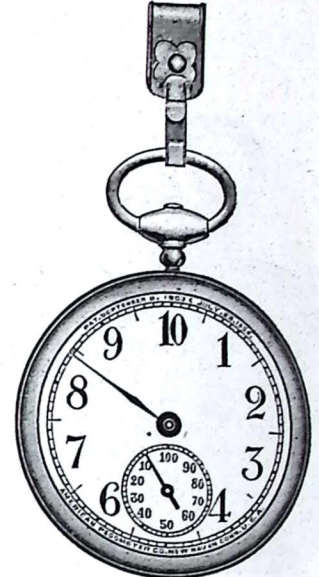

Price Each, \$3.00

HAND TALLY REGISTER

They are very simple in construction, can be carried in the pocket, are the size of an ordinary watch, and weigh about four ounces. They can be set to zero any time a new count is desired. They are used by railroad, telegraph and steam-boat men for checking or tallying.

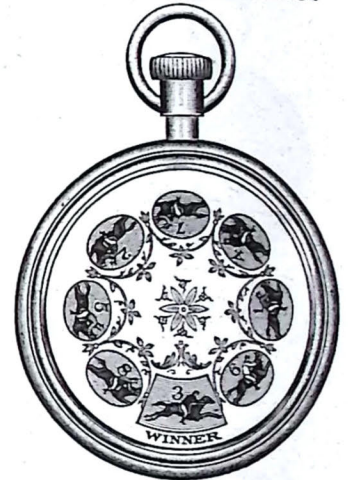

No. 0. Tallies from 1 to 1,000
Price, \$6.50

No. 1. Tallies from 1 to 10,000
Price, 8.00

100-MILE GEM PEDOMETER**Exact Size**

The hundred-mile gem pedometer is fitted with a porcelain dial and special safety clasp on pendant for holding the pedometer to belt or pocket so there is no danger of losing same.

Price Each, \$5.00

WHICH HORSE WINS?

Eight horses spin when you press the crown, and there is no telling which will win. A popular new pocket game.

Price \$3.50

**SCOUT'S
HIKEMETER**

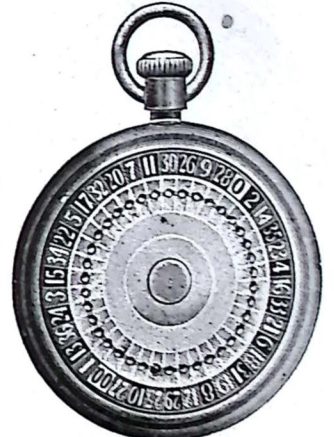

Cuts are about one-half size
The Hikemeter is an instrument to measure the distance you walk, and the compass gives you the direction. The combination of the two in one is just what every pedestrian needs, and will have the moment he sees it. No winding, nothing to get out of order. You slip it in your pocket or belt, and the Hikemeter does the rest. Fully guaranteed. Registers 100 miles and repeats. Nickel or gun metal finish.

Price \$4.00

**POCKET
ROULETTE**

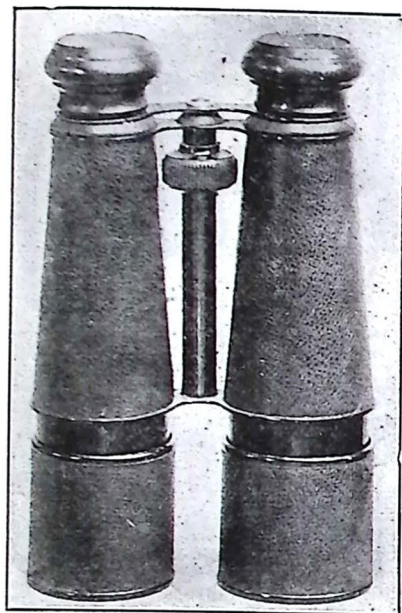

You press the crown, and there is no telling where the ball will stop, red or black or on what number.

Price..... \$3.50

Duck Decoys

NOTE.—Always specify species wanted when ordering; if not specified we will exercise our own judgment.

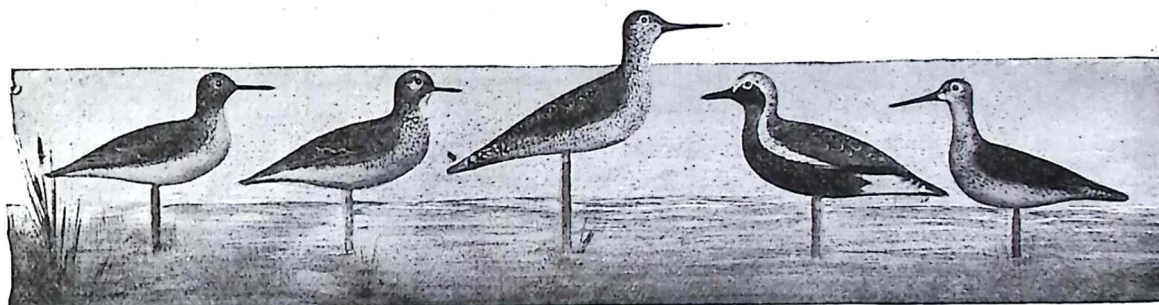

STANDARD QUALITY DECOY DUCKS

No. 1. GLASS EYE CEDAR DECOYS. Made from selected white cedar, painted in natural colors—true to lifePrice, per dozen, **18.00**

PREMIER GRADE. Hollow and Flat Bottom. The Finest Decoy Ever Made. The drawings for them were made from life, and as a consequence are mathematically correct, particular attention being paid to all fine details, such as shape of the head, bill, arch of neck, etc. In hollowing them out they are cut in two above the water line, thus preventing any leakage. Being flat on the bottom, they ride the water exactly like the living bird, and have not the rocking notion of the old-fashioned decoy in rough weather. The eyes used are the finest enamel, colored same as in the living bird. No pains have been spared to make these goods surpass anything in the shape of a decoy that has heretofore been manufactured.

Priceper dozen, **36.00**

BICYCLE POLICE BATTON HOLDER

SWIVEL

"CUT A"

"CUT B"

No. B. H. BATTON HOLDER. Made of flat spring steel, nickel plated. The lower part is fastened to the handle bar by a winged screw bolt and fastened to the club holder on upper part, permitting the holder to swing at any angle. The swivelled club holder is illustrated in cut "A," and cut "B" shows club in position on handle bar. This is Folsom Arms Patent and adopted by New York and other Police Departments. These holders can be attached to a bicycle or motorcycle handle bar in a few seconds, and are so constructed that the club can be placed in any desired position or angle. The club is securely fastened, yet can be released instantly.

The New Remington Game Load

24 Special Loads in 12, 16 and 20 gauge
—practically designed and scientifically
made for best results in shot-gun shooting

Instead of experimenting with various loads of shot and powder, the hunter can now get just the right load packed for the particular game that he is going after.

Remington Game Loads are the result of 60 years' experience, research and scientific tests—no guesswork. The right shell loaded with the right kind and quantity of powder, the right size and quantity of shot.

Remington stands squarely behind them and behind every material in their make-up. Only best American smokeless powders are used, in each case the best powder for the specific purpose intended and the proper quantity to give best results. Chilled or soft shot of Remington manufacture, every shot uniform in size and shape, insuring even velocity and uniform pattern.

Every Remington Game Load is furnished in the "Nitro Club" Wetproof Shell—an exclusive Remington feature—sealing the shell in body, crimp and top wad against wet. Will not swell if you get soaked through in a storm.

For trapshooting—Remington Trap Loads.

**RABBIT LOAD**

Also for Squirrel
In 12, 16 and 20 Gauge

	Soft	Chilled
12 gauge, List per M	\$46.25	\$49.25

Repairs and Repair Parts

INSTRUCTIONS

When returning guns or parts for repairs please follow instructions as below:

First.—Tie a tag on article returned with your name and address plainly written; also label the outside of package the same way and be sure to prepay transportation charges.

Second.—Pack the article securely. If a gun or rifle, pack in wooden box, and pack so that parts do not scratch each other and do not leave loose space.

Third.—Write us a letter giving full instructions, and mention the serial number that you will usually find plainly stamped on any firearm.

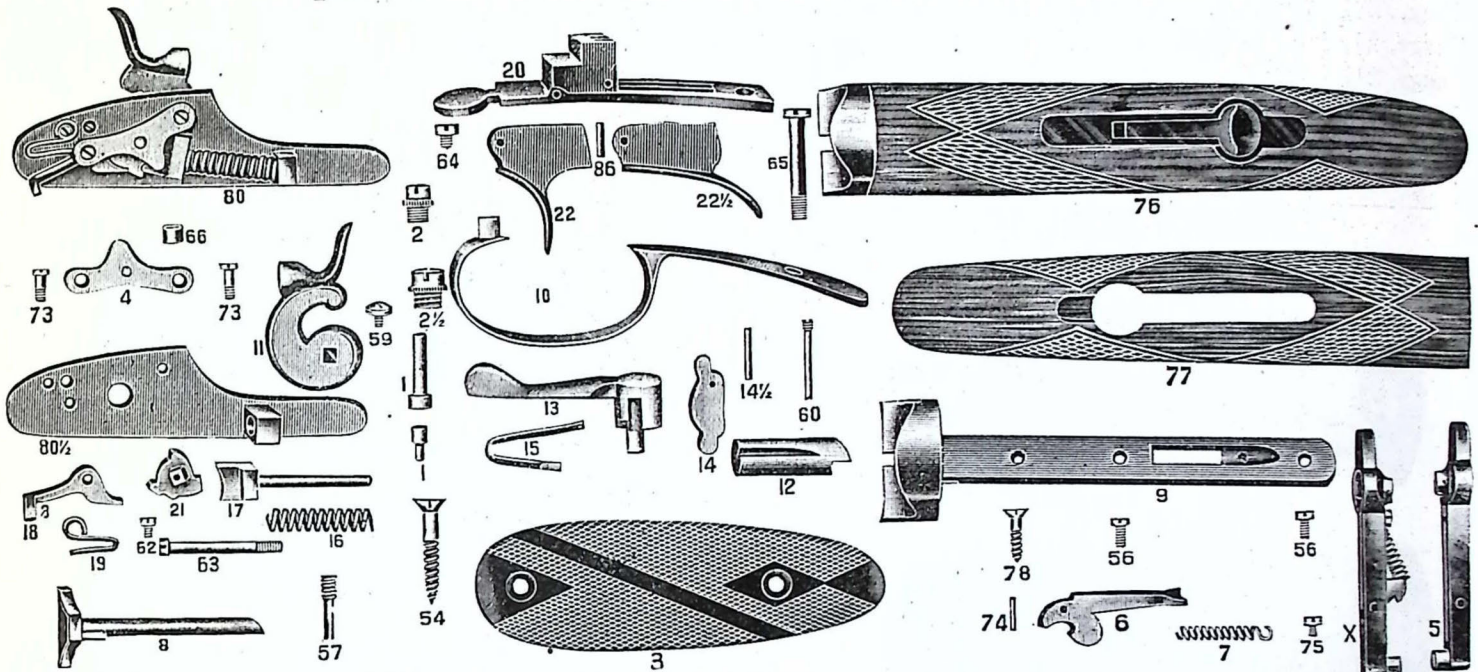

Fourth.—IMPORTANT, see page 100 for instructions for addressing packages.

Fifth.—We receive dozens of packages daily and unless your name is plainly written on same, it will cause delay and sometimes loss of package. Do not forget to write letter of instructions.

Minimum charge for repair parts—\$0.15.

All repair jobs and repair parts will be shipped C. O. D. unless you have a regular open account with us or remit with your order.

*When ordering, mention model, gauge, and serial number of your gun.

Gun Stocks Fitted

STOCKS FITTED TO ALL POPULAR MAKES AND MODELS OF SHOT-GUNS

Make this a new branch of your business.

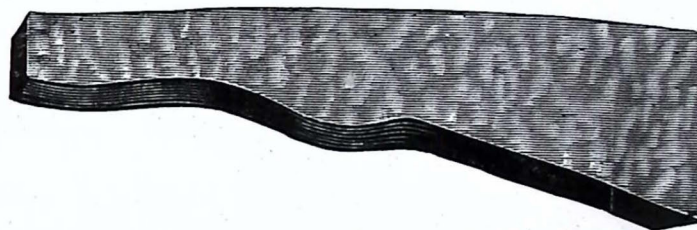

Besides making money you please your customer when you tell him you will have a new stock fitted instead of instructing him to send his gun to the factory.

Send the gun to us and we will fit a new stock to any gun equal to the one that was originally fitted and return it to you without delay at prices mentioned below. Transportation charges will be extra.—See page one for shipping instructions.

Recoil Pads

JOSTAM ANTI-FLINCH RECOIL PAD

This is a soft cushion of red rubber which is molded and vulcanized to a hard rubber base plate. Through the soft cushion are oblong holes which slant at an angle of 45 degrees in line with the stock. These holes take up the recoil and eliminate the upward whip of the muzzle. Attached to the stock by two screws, which are furnished with each pad. Directions for attaching furnished. Made in one size only. 1 inch thick. Price, each..... \$3.25

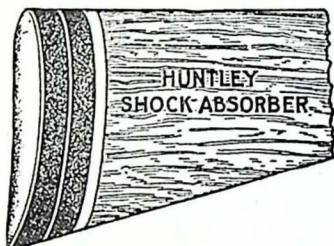

JOSTAM AIR CUSHION RECOIL PAD

(Hard Rubber Back)

This pad has a large air chamber in the center which cushions the recoil to a high point of efficiency. The top part is made of live rubber, and is vulcanized to a hard rubber butt plate. Attached to the stock with two screws. Give size of stock when ordering. Price, each..... \$3.50

JOSTAM SPONGE RUBBER RECOIL PAD

The best-known pad for both trap and field shooting. They make shooting a pleasure; no sore shoulders, no flinching.

One layer pad.....Price, each, \$1.50
Two layer pad.....Price, each, 2.00
Three layer pad.....Price, each, 2.50
Pad put on.....Price, each, 7.50

GOODRICH RECOIL PAD

(Hard Rubber Back)

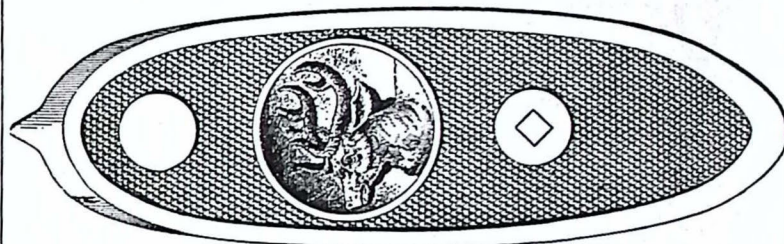

An enlarged air chamber hollowed out under the pad surface adds greatly to its cushion. Tough, durable, hard rubber base and soft rubber cushion are united almost inseparably by an especially compounded adhesive strip. Screws to gun stock firmly—no slipping—it's like part of the gun itself. Can be buffed easily to fit any gun butt.

Sizes:

Large, 5 3/4 x 2 inches.....Price, each, \$3.50
Medium, 5 1/2 x 1 3/4 inches.....Price, each, 3.50
Small, 5 x 1 1/2 inches.....Price, each, 3.50

Butt Plates

RUBBER BUTT PLATES

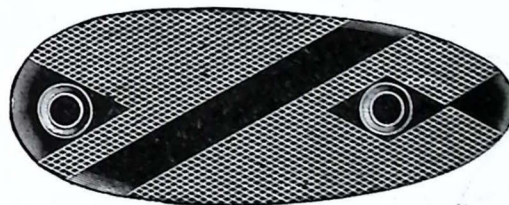

No. 80. Rubber Butt Plates, for Breech or Muzzle Loading guns, 5 1/4 x 1 3/4 inches.....Per dozen, \$9.00

HORN BUTT PLATES

No. 280. Suitable for all double barrel shot guns. Comes oversize, and requires fitting.....Price, each, \$1.00

BUTT PLATE FOR "AMERICAN" GUN

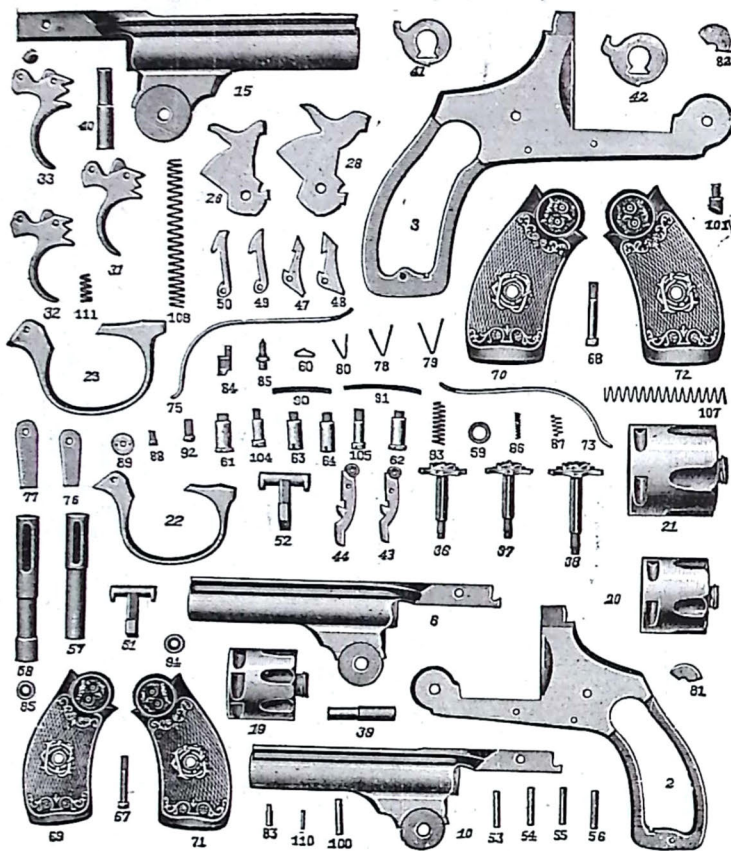

No. 3. Composition butt plate for Folsom's American double and single barrel guns. When ordering, mention model and gauge.....Price, each, \$0.75

Sweaters

No. 175

No. 170

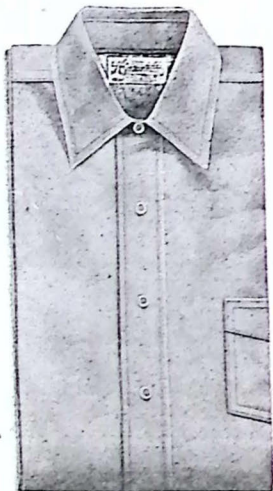

No. 170V

No. 175—Sweater made of pure worsted yarns in popular coat style. Has two pockets which are knitted into the garment, as are also the sleeves and collar, which can also be buttoned high at neck. Buttons down the front with 5 beautiful self color bone buttons. The ideal athletic garment for wear throughout the year. Made in sizes 34 to 46 chest measure, and in colors of WHITE, MAROON, NAVY, HEATHER MIXTURE, and DARK GREY. Can also be furnished in above colors with contrasting color collar, border, and cuffs. Each, \$12.00

No. 170—The college type sweater—either with collar attached or V neck style. The shaker knit gives durability to this garment, which is made of the finest pure worsted yarns. The sleeves are fashioned (not sewed) into the garment, thereby making body and sleeves one. The collar is knitted in three pieces to allow form fitting. The cuffs and bottom of the sweater are knitted in tight rib weave, which allows great elasticity, yet fits the body tightly. Sizes are 34 to 46 chest measure. Colors are solid white, maroon, navy, or black, or in combinations of solid color body with contrasting color cuffs, bottom, and collar.

No. 170—Collar attached. Each, \$11.00

No. 170V—V neck style. Each, 10.00

FOLSOM SPECIAL GOLF CLUBS

FOLSOM SPECIAL DRIVERS AND BRASSIES, Each \$3.50

These clubs are well designed models, made of finest seasoned persimmon wood heads. Shafts fitted with leather grips. Full assortment of models for men or women, right or left hand.

MODEL D. DRIVER

Special use of this club is for driving only from the tee.

MODEL B BRASSIE

Called a Brassie. Splice or socket style. Used by beginners for the tee stroke and later it is the proper club to use if maximum distance is required and the lie of the ball is fairly high.

FOLSOM SPECIAL IRON CLUBS, Each \$3.00

These clubs are equal in every respect to the best made. All clubs are fitted with hand-forged heads of selected steel. Shafts fitted with calfskin grips. Full assortment of models for men or women, right or left hand.

MODEL M.I. MIDIRON

Made in plain, diamond, concentrated and round backs. Also Vardon & Taylor autograph models. For long approaches to the green or when the player has no cleek, for low lies, for distance.

MODEL J. JIGGER

Used for long, high, approach strokes where distance is too great for a Mashie but too short for a Midiron and ball required to stop unusually short.

MODEL P. PUTTER

Used only on the green to hole the ball.

MODEL N. NIBLICK

Slightly heavier than Mashie Niblick, Domestic, Taylor & Vardon styles. Used to get out of the long grass, sand bunkers and exceptionally bad lies. Also for short lofted approaches.

MODEL M.N. MASHIE NIBLICK

Made in several styles including Vardon & Taylor autograph models. Used in place of a Niblick and where loft and little or no roll to the ball is desired.

MODEL M. MASHIE

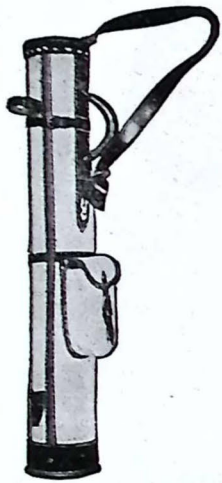

For approach shots to the green or for lofting over hazards.

WE ALSO CARRY

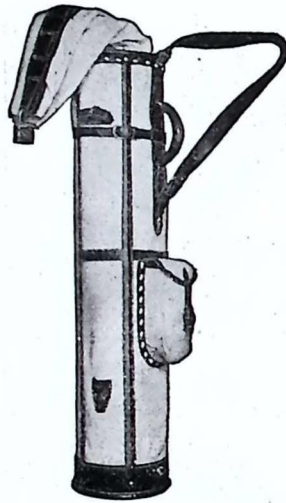

THE CELEBRATED BURKE GRAND PRIZE GOLF CLUBS—These clubs were awarded the highest prize at the Panama Exposition on account of their superior quality, workmanship, finish, balance and “feel,” all of which go to make a perfect club desired by the expert golf player.
